

AViiQ Releases The Thinnest And Lightest Cases For The Apple® iPhone 5

AViiQ delivers well-designed protection to the Apple® iPhone 5 with the release of the Thin Series line of iPhone 5 Cases.

Santa Ana, California, September 24, 2012—AViiQ, an award-winning brand of fashion, technology and lifestyle accessories has released a new offering for the all new Apple® iPhone 5.

With three years of developing trend-setting design and innovation to the gadget accessory industry, AViiQ applies its design mastery to the Apple® iPhone 5 with the release of the ultra-thin and ultra-light Thin Series.

AViiQ Thin Series iPhone 5 Case

AViiQ's Thin series for iPhone 5 cases are the newest addition to our product line-up. Designed to protect the iPhone 5 without adding extra bulk, our iPhone 5 cases feature a very fine textured satin finish. This super thin iPhone 5 cover comes in at only 0.7mm in thickness making it not only ultra thin, but ultra light, just like the iPhone 5. Specifically tailored to fit like a glove, the Thin series cases are molded to the exact shape and specifications. AViiQ has it covered, literally.

Its lightweight polycarbonate material, which is stronger than standard ABS material, maintains a slim profile while providing all-around protection against scratches from everyday use. The AViiQ Thin Series for the Apple® iPhone 5 allows easy access to all ports and buttons while retaining the near-invisible form-factor of the device. From bright yellow to blue, AViiQ has many hot color styles for you to choose from. The AViiQ Thin Series iPhone 5 Cases are available in six colors including: Black, White, Frosted, Yellow, Green and Blue with a retailing at 19.99 USD.

AViiQ Thin Series iPhone 5 Case comes with

a 100% satisfaction guarantee, a full refund policy within 30 days of purchase and is available for \$19.99 at www.AViiQ.com. For more information about this and the entire line of AViiQ products, contact PR representative Alan Yeung at alan@aviiq.com
