Plus Computer Solutions Earns Sage Spirit Award for 2011

Burnaby, British Columbia—September 27, 2012—Wendy Gorrie, General Manager of Plus Computer Solutions, a Sage North America business partner specializing in the sales, installation, and support of Sage 300 ERP, Sage CRM, Sage HRMS, and Sage Fixed Assets, has been honored with a 2011 Sage Spirit Award. With this, Sage recognizes Plus Computer Solutions for being a strong contributor and a leader within the Sage partner community.

Sage Spirit Awards, part of the Sage Partner Advantage Awards that recognize partners for top performance and excellence, are earned by partners that embody Sage's guiding principles of agility, innovation, simplicity, trust, and integrity. Plus Computer Solutions has demonstrated great value in the Sage business partner relationship by embracing these principles in order to create a mutually beneficial partnership.

"Sage Spirit Award honorees are partners who've actively embraced the Sage culture and values to create a positive environment of collaboration," said Tom Miller, VP of Channel Management for Sage. "We're happy to honor Plus Computer Solutions with this award."
