

New Online Tutorial Listgenesis.com Launched by Reputed Business Coach to Share His Efficient [Lead Generation](#) Techniques.

A new online tutorial has just been introduced by Michael Bashi to provide top class [lead generation](#) training to internet based business owners. His new training website Listgenesis.com consists of three training modules that cover all the critical aspects of building a list of subscribers. Most importantly, Mike is offering free membership to the program to share his amazing list building techniques with all.

Acclaimed mentor and online marketing expert Michael Bashi has just announced the launch of his new [lead generation](#) training program called List Genesis. Mike Bashi is the favorite trainer of thousands of business owners around the world and the creator of popular programs like The Traffic Maverick, Host Monopoly, The Affiliate Rollout, and many more. Like many of his previous programs, List Genesis is also free to join, and one is only required to provide his/her email address to become a member. Company sources have revealed that many online entrepreneurs have already joined this program to learn the techniques of building a huge list subscriber for their business.

[Lead generation](#) is one of the foremost factors affecting the fortune of an online business venture and every business is after getting more leads going through their squeeze pages and online funnel. Through the three sets of videos, Michael Bashi offers all the necessary squeeze pages, templates and tools, apart from explaining the basic concepts of list building in his own lively style. Tons of high class business resources are also present in an additional fourth module. Talking about this new program, Linda from Boston says, "I have been Mike's student since many years and have just joined List Genesis. This is simply the best program I have ever come across for generation of leads".

Explaining the benefits of this [lead generation](#) program, Mike says, "You do not only get the tools to help you grow your list, but we also provide you with the step by step on video training to guide you through the process teaching you how to live and breathe list building and become the best at it by generating daily leads on autopilot and closing sales from those leads on a daily basis as well". The popular business trainer has also informed that he is working on several other programs that are to be released soon.

About the Company: Listgenesis.com is a unique business training website developed by acclaimed business coach Michael Bashi. This is one of the most efficient [lead generation](#) programs available on the market.
