Team GAT Returns to the Windy City to Bolster its Athletic Ranks

Stamford, CT Sept. 27 -- **GAT (TeamGat.com)**, has announced the signing of 2011 NPC Junior National Champion Kevin Jordan to endorse its premium line of physique and performance supplements. Jordan joins fellow Chicago-native and acclaimed IFBB pro, Mike Liberatore, as the two newest members of Team GATs roster of athletes.

GAT CEO Charles Moser explains the basis for his decision to sign this bodybuilding athlete. *"When we began searching for new Team GAT spokespersons, Kevin Jordan came well recommended. Muscular and massive at nearly 300 lbs., he is frequently touted as "the next big thing" in bodybuilding - literally."*

Moser adds, *"Furthermore, Kevin's polite and unassuming personality is a delight to be around. We're excited to watch as he uses GAT products to polish his physique in preparation for the Nationals and, following that, his journey towards becoming an IFBB pro. We're confident that with Kevin on our team, GAT's visibility will increase even more rapidly. In turn, this will accelerate the success of our respected team of distributors and retailers in the U.S. and abroad."*

About GAT

GAT researches, develops and distributes dietary supplements for physique and performance enhancement. GAT's popular pre-training formula, NITRAFLEX™, was recently put to the test in an IRB-approved, double-blind, placebo-controlled study. Subjects in the study were experienced lifters. All subjects increased their bench press by 5-10 lbs. after using NITRAFLEX for only two weeks. Subjects also increased their muscular work capacity (by 21.6%) and free testosterone level (by 13.4%).
