

**Surefire [Lead Generation](#) Training Now Available Absolutely Free, Thanks to Eminent Business Expert's New Website.**

Mike Bashi, the reputed internet marketing consultant and trainer, has just launched his new [lead generation](#) tutorial Listgenesis.com. The best part about Listgenesis.com is that this comprehensive training program is free to join. Mike Bashi is well known in the online business community as the creator of top notch tutorials like The Traffic Maverick, The Affiliate Rollout, and many others.

Looking for effective [lead generation](#) training without spending anything at all? Listgenesis.com, the new list building tutorial from Mike can certainly be an excellent option. The distinguished online marketing expert has just introduced this new tutorial that can be accessed just by providing a valid email address. Mike Bashi is no stranger in the online business community and is the creator of many training programs that have helped people build a steady online business within minimum expenses. Listgenesis.com is a program consisting of three video based modules that offer all necessary guidelines to generate a huge list of subscribers on a regular basis.

According to Mr. Bashi, the techniques shared in his new [lead generation](#) program can generate around 80 leads on a daily basis, if implemented correctly. He also informs that using the same techniques his residual earnings have increased by \$50 per day. Talking about Listgenesis.com, he says, "This program has been created with the intention of teaching you how to live and breathe list building and become the best at it by generating daily leads on autopilot and closing sales from those leads on a daily basis, as well. Become a member today and see how it can change your fortune ".

The first module of Listgenesis.com comprises of three videos that prepare trainees to get started with their [lead generation](#) program. The second module provides all the required templates and vital information that are required to set up an effective sales funnel. The final module is the stage where the actual list building starts by sending traffic to the optin page. Tons of other business resources are also available in an additional training video.

About the Company: Listgenesis.com is a unique business training website developed by acclaimed business coach Michael Bashi. This is one of the most efficient [lead generation](#) programs available on the market.
