

## New Global Headquarters for seoClarity

Des Plaines, IL (PRWEB) October 8, 2012 – As the need for Enterprise-Level Search Engine Optimization (SEO) platform solutions continues to grow, seoClarity, a pioneer and market leader in the Enterprise SEO space has just completed a major expansion into modern, new facilities for its global headquarters.

Located in the Chicago suburbs adjacent to O'Hare International Airport, seoClarity sought the move to accommodate the explosive growth in both employees as well as an ever-expanding global customer base. Since its founding in 2009, this new office space represents the third time that seoClarity has had to expand its facilities as global enterprises continued to expand & upgrade their SEO efforts by adopting the seoClarity platform to stay on the leading edge of SEO technological developments.

seoClarity Global Headquarters

The new space will allow the fast-growing company to expand up to 150 employees in the coming months. seoClarity already supports more than 1,000 Enterprise SEOs spread across 40+ countries, making it the de facto global standard for Enterprise SEO platforms.

seoClarity is the first and only Enterprise SEO Platform that provides you complete visibility into ALL of your SEO efforts – from search engine crawler activity and on-page optimization to keyword rankings, click-through rates and conversion rates – and updates it daily. seoClarity is comprised of professionals with strong direct marketing backgrounds, a team of incredibly smart statisticians, and the brightest minds with over 30 years combined of SEO experience working in and with enterprises. The result is a platform that delivers unparalleled SEO intelligence, ease of use, all adding up to a formula that saves you time & effort, while contributing to a positive ROI.
