

UNIQUE SOLUTIONS

A SIMPLE, LOW COST ALTERNATIVE FOR FRESH AIR CONTROL

VENTILATION CONTROL SYSTEM™

The VCS is a low cost fresh air control system designed to improve residential indoor air quality. This is accomplished by introducing fresh air through an intake damper controlled by the VCS logic panel.

Features

- Micro-controller logic panel
- Status LEDs
- Single adjustment set-up
- "Damper Closed" override switch

- Exhaust fan control option
- Outdoor temperature and/or humidity limit option
- Remote "Damper Open" override option

Benefits

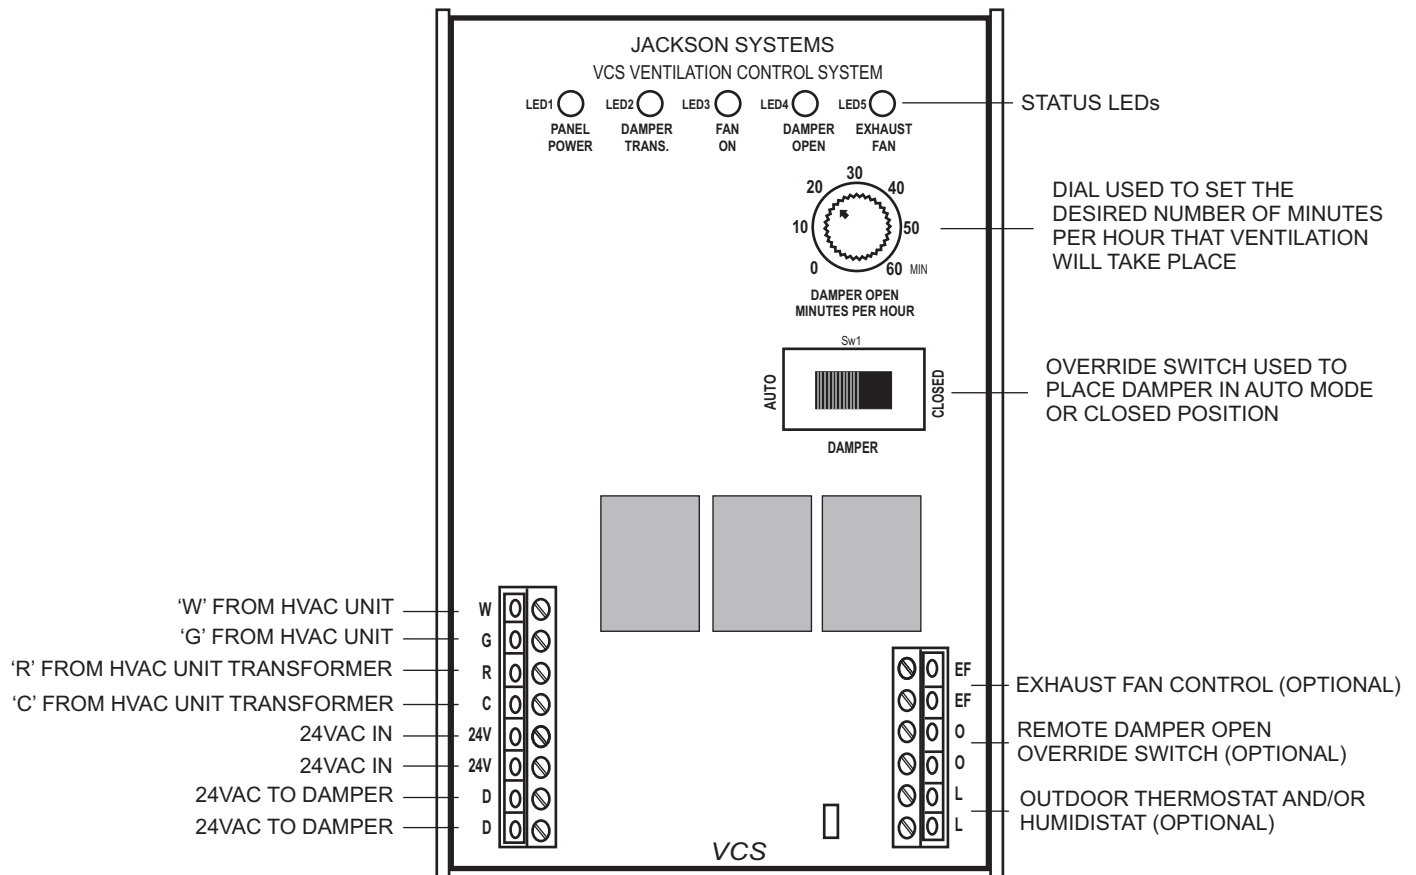

- Easy to install
- Easy to set-up
- Meets ASHRAE 62.2 standard
- Five year warranty
