

PERFECT CANDIDATE

What else would you expect our horse to be called?

Thanks to our sponsorship of Fergal O'Brien Racing we have been given the opportunity to name a horse to run in our name and colours.

Perfect Candidate arrived at Cilldara stud, home of Fergal O'Brien Racing, during the last week of September. We have already registered his name and our colours and he is well on the way to being ready for his first run for ISL Recruitment in mid November.

His sire is Winged Love and dam - Dansana, both of whom have had success with previous offspring. He was purchased from Tullyraine Stud in Northern Ireland as an unraced 5 year old and will start his racing career in National Hunt flat Races before going over hurdles and then fences.

We are looking forward with great excitement to following his career and, as ever with young racehorses, start on the journey with great hope if little expectation.

ISL Recruitment was founded in 2007 and has grown steadily each year from a team of three to its current 15 with plans for continuing this growth. Each consultant specialises in a specific market but a common thread is their strength in finding experienced professionals who have a thorough understanding of the uses of IT within their business, not necessarily as IT technicians but also as Sales and Marketing, Project Management or Operations professionals. They help place people with these skills in the Financial Services, Technology, Retail and Engineering industries as well as the Public Sector.
