

The Meaningful Use requirements of the 2009 HITECH Act require providing your patients an electronic copy of their health information, which can take up valuable staff time. With the introduction of PtAccess, we bring an end to this costly, time-consuming task. PtAccess provides an easy, low-cost way to give your patients access to their health information, and now includes Blue Button[®] technology.

One portal, all systems, all patient information.

PtAccess provides patients secure access to their electronic health information via the Internet and makes it simple for you to be fully compliant with this Meaningful Use requirement.

There is no need for your staff to compile and transfer electronic copies of health information to your patients when requested. Valuable time is saved. With PtAccess, your patients can:

- View, print and securely email their health information
- Download their personal health data to multiple formats
- Request and manage appointments
- Access discharge instructions
- Review billing statements and make online payments

PtAccess also includes the U.S. Government's Blue Button® capability that allows veterans and all patients to access and download their health information in a simple format that can be read, printed or saved on any computer.

Boost your cash flow and your bottom line.

By providing convenient online bill paying, PtAccess makes it possible for patients to pay bills faster to improve your cash flow and your bottom line.

Key Advantages Include:

- Complete patient information
- Standards-based integration
- Online account review with bill pay capabilities
- Electronic discharge instructions
- Patient visit history
- Clinical results reporting
- Medication order history
- Multi-language support
- Built-in Blue Button® technology
- ONC-ATCB certified for Hospitals and Eligible Professionals

For a demonstration or more information on **PtAccess**, or any other Iatric Systems products or services, please contact us using the information below.

Iatric Systems **PtAccess**, version 1.0.11, has been certified as an EHR Module, certification number CC-1112-290560-4. This EHR Module is 2011/2012 compliant and has been certified by the Certification Commission for Health Information Technology (CCHIT®), an ONC-ATCB, on December 10, 2010, in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services. The certification criteria that were met include 170.306(d) Electronic copy of health information, 170.306(e) Electronic copy of discharge instructions, 170.302(o), 170.302(p), 170.302(q), 170.302(r), 170.302(s), 170.302(t), 170.302(u) and 170.302(v).

Iatric Systems **PtAccess** received an additional EHR Module certification on September 25, 2012, certification number CC-1112-290560-14. The certification criterion that were met include 170.304 (g) Timely Access, 170.302 (o), 170.302 (p), 170.302 (q), 170.302 (r), 170.302 (s), 170.302 (t), 170.302 (u), 170.302 (v). This certification does not represent an endorsement by the U.S. Department of Health and Human Services or guarantee the receipt of incentive payments.

Blue Button, the Blue Button logo, and the slogan 'Download My Data' are registered Service Marks of the U.S. Department of Veterans Affairs (VA), an agency of the United States Government and are used by permission of VA.
