

Carpet Supply and Installation

After many years of usage, some carpets need to be changed. As **professional carpet cleaners**, we will recommend the most appropriate carpet type required based on usage.

Before purchasing a carpet, you should answer the following questions:

- » How is the carpet going to be used?
- » Will it have heavy or light traffic?
- » Will the carpeted room be the center of activity?
- » Is there direct access from outside, or will the carpet be away from entrances?
- » Will the carpet receive direct sunlight?
- » Do you need to installed mats to reduce the carpets wear and tear?
