Historic sites spanning millennia  
40,000 B.P. to medieval to modern

Northern Exposure Spain  
is about enjoying the things you  
love, taking pleasure in new  
experiences, and discovering a  
place you haven't heard of but  
won't soon forget.

The vibrant seaside capital Santander  
and unique cultural traditions

Our small group (8 or less)  
itineraries are entirely  
customizable, personal and  
unique, and capture the essence  
of Northern Spain.

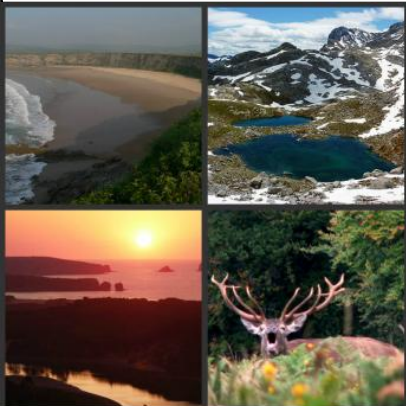

We are based in Cantabria, a  
complete travel destination and  
the heart of Green Spain.

Marvelous cuisine using the freshest  
local ingredients & wonderful, lesser  
known Spanish wines

We provide transportation, make  
the best recommendations for  
accommodation based on your  
preferences, and carefully consider  
all of your interests to plan an  
unforgettable stay.

Our extensive knowledge allows  
access to the true gems in the  
region that would otherwise be  
nearly impossible to find.

Mountains, beaches, forests, rivers and  
wildlife
