

CONTINUITYX DEPLOYS CLOUD-BASED SOLUTION PORTFOLIO IN COLOGIX'S DALLAS AND TORONTO NETWORK-NEUTRAL DATA CENTERS

ContinuityX takes advantage of Cologix platform to on-ramp customer demand from data centers in 151 Front Street in Toronto and 1950 North Stemmons in Dallas.

Denver, Colorado – October 23, 2012 – [Cologix™](#), a [network neutral interconnection](#) and [colocation](#) company, announced today that [ContinuityX Solutions](#), Inc. (CUSX), a unique provider of business continuity and disaster recovery services, has selected Cologix to expand their service offering in Toronto and Dallas. ContinuityX will add nodes in Cologix's 151 Front Street data center in Toronto and in Cologix's new expansion facility at 1950 North Stemmons in Dallas to their North American network. With this deployment, ContinuityX becomes a significant platform customer of Cologix.

"We are committed to continually supporting our customer's application and infrastructure growth in strategic network locations," stated Kathy Godwin, senior vice president-operations for ContinuityX. "Our presence with Cologix in Toronto and Dallas expands our network breadth, including a presence in Canada, which provides additional robustness to our portfolio and enables access to a new set of customers looking for a consultative approach to continuity services."

ContinuityX provides consulting services and management of business continuity, virtual/cloud hosting, managed equipment and storage, monitoring, VoIP and voice needs. Their mission is to provide clients with business continuity and disaster recovery solutions faster, more efficiently, and more cost effectively through their unique consultative approach.

"As the demand for cloud based solutions continues to grow, Cologix is committed to offering a stable, scalable, network neutral environment for our customers," stated Rob Devita, General Manager, Cologix Dallas. "We welcome the opportunity to support ContinuityX across our North American platform. Our customers will value the presence of ContinuityX in our facilities, including the broad range of carriers in our Meet-Me-Rooms as an on-ramp to their cloud services."

Cologix operates data centers in the carrier hotels in both Toronto and Dallas. Cologix has recently announced Tier 3 expansions in each market which will be operational in the coming months, bringing total footprints to well over 40K SQF in each market. With data centers in Dallas, Minneapolis, Montreal, Toronto and Vancouver, Cologix provides one of North America's largest neutral marketplaces where network operators and network buyers interconnect. Cologix offers over 300 network choices, manages thousands of interconnections and has over 550 customers that utilize Cologix colocation and interconnection services in order to grow their networks rapidly and cost-effectively.

About Cologix, Inc.
