

[Host Gator Hosting](#) Is the Ultimate Hosting Solution for Any Business, Suggests Reputed Business Coach through His New Review Website.

Mike Bashi, an eminent personality in the field of online marketing, has just shared the unique features of [Host Gator hosting](#) service in his new review website. The website Hostmonopoly.com presents and an excellent comparative analysis between Host Gator and other hosting service providers in the market. Mike Bashi is himself a highly satisfied user of hosting service from this acclaimed company.

In his new review website Hostmonopoly.com, Mike Bashi has strongly recommended [Host Gator hosting](#) over all other web hosting service providers. Mike Bashi is a popular business coach and highly successful online marketing professional. He is known in the business community for his extremely successful online caching programs for aspiring online business owners. He has created Hostmonopoly.com on the basis of his experience of using hundreds of hosting service providers during the earlier phase of career. This is something that makes Hostmonopoly.com different from other review websites that offer opinions that are dubious. Mike Bashi has never had any hosting related issues ever since he started using Host Gator.

According to Mr. Bashi, [Host Gator hosting](#) is the only alternative in the market for business owners that are looking for a sound hosting service with all essential features. He also informs that Host Gator users are completely protected against blackouts because all their servers use 130% wind powered energy. Uptime is one of the most critical features of a good website hosting service. With an amazing 99.9% uptime guarantee, websites and blogs are always be up and running while using Host Gator. Their superior performance in the industry has won Host Gator many prestigious rewards over the years.

In addition to discussing the benefits of [Host Gator hosting](#), Mike Bashi has also warned about the limitation of other services in Hostmonopoly.com. "Let's imagine you freed up a full Saturday from your busy schedule to work on your website only to find out that you ran into an issue. So you go ahead and contact your web host to get the issue fixed only to find out that you will get a reply back within 1-2 business days. How frustrating would that be?" he says, talking about his own experience of using one of those web hosts.
