Tons of useful and reliable features within an affordable monthly price makes [Host Gator web hosting](#) the most preferred hosting service for Mike Bashi. The popular business expert and online marketing trainer have just launched his new website Hostmonopoly.com to let more people know about the amazing service offered by this renowned hosting service provider. This website compares the features of different hosting services to help beginners make an informed decision.

Acclaimed marketing guru and online business coach Mike Bashi has recommended [Host Gator web hosting](#) service for those looking for a reliable hosting service for their website. This reputed hosting service has solved all his web hosting concerns since last five years. All these and much more about Host Gator and their efficient hosting service are now available in Hostmonopoly.com, the latest review website from the expert. Online marketing enthusiasts may recall that Mr. Bashi is the brain behind many popular online tutorials. Unlike most other hosting review websites, Hostmonopoly.com is an authentic online resource because it only discusses the real life experience of the creator while dealing with different service providers.

Before using [Host Gator web hosting](#), Mike Bashi tried his luck with several other well known service providers. However, he had to leave all of them because none of them could offer features that satisfied all his basic requirements. He recommends Host Gator because it offers user friendly features like unlimited disk space, unlimited bandwidth, server reliability, control panel, unlimited customer support, 99.99% uptime guarantee, 1 click script installation, and an easily affordable price. He shares special words of appreciation about their customer support, saying, "One time during a holiday I had an issue and they were there to help. I did not get a message such as 'We are closed for the holidays; or we will reply in 2 business day'. Instead, they were there, ready to solve my issue".

Many beginners often sign up for free web hosting packages. Mike Bashi advises them to stay away from these services because their ultimate objective is to charge a much higher monthly rates after attracting customers with free packages. Users eventually shift to paid plans because using free packages is a nightmarish experience for any website owner. Many online business owners have already benefited from the [Host Gator web hosting](#) related information available in Hostmonopoly.com.
