PENGUIN

ICE LADDER

Increases Safety

Injuries do not discriminate. Safety is the #1 priority whether it is an actual incident or a training. The Penguin Ice Ladder keeps your divers and support team/staff safe and healthy.

Reduces Risk of Injuries

Roughly 48% of all fire service related injuries are strains and sprains.

Injuries can lead to increased costs due to:

- Time Off • Overtime • Medical Bills • Legal Expenses •
- Long Term Disability • Unemployment Insurance Expenses •
- Additional Staffing for Employee Replacement •

Versatility

The Penguin Ice Ladder can be used year round for ice, pier, dock and boat operations.

Exclusive Limited Lifetime Warranty

Weeb Enterprises, LLC believes in the craftsmanship and quality of materials used in the Penguin Ice Ladder. The Penguin Ice Ladder is manufactured to precision specifications to last a lifetime. We stand behind it 100%.

Easy To Maintain and Use

The Penguin Ice Ladder is manufactured to be deployed very quickly and easily. It can be set up and broken down in less than 5 minutes. It is constructed out of 304 Stainless Steel, the same material used to construct The Gateway Arch in St. Louis, Missouri. There is very little care needed to maintain it for many years to come. Just rinse it off with fresh water and it is ready for its next deployment.

Low Cost of Ownership

Over the life of the Penguin Ice Ladder the cost is pennies per day.

\$4895.00
