

Melt Your Man's Heart: Review Calls Randy Bennett "Heart Melting Master"

Summary: ConquerHisHeart.com releases an updated review of Randall Bennett's Melt Your Man's Heart Course calling the licensed Marriage and Family Therapist a "Heart Melting Master" for revealing his patented relationship revitalizing techniques.

"Melt Your Man's Heart has quickly become one of the world's most popular relationship 'fixer upper' guides," says ConquerHisHeart.com's Sean Roman. "We really liked the program when we first reviewed it and have since updated and expanded our review to really give those interested all the necessary details on the course and why we are such fans of Bennett's work."

Melt Your Man's Heart is the brain child of licensed Marriage and Family Therapist Randall Bennett, who has over 25 years of experience working face to face with couples, helping them to repair their relationships. In Bennett's Melt Your Man's Heart course he has distilled his relationship fixing wisdom and created a guide specifically for women unhappy with their husband or boyfriend's increasingly cold and disinterested attitude.

Sean Roman explains the core principles of the program:

"In Melt Your Man's Heart Randy reveals some key information about how the male mind works and how changing certain behavior patterns can remove that wedge of negative emotions that keeps many men cold and emotionally distant," says Roman. "As you might imagine, most of this boils down to communication and interpretation. Unfortunately, what often happens is that a woman will communicate things in a way that a man misinterprets. Following Bennett's advice, you can learn new communication strategies which will likely bring about a very different response in your man."

The Melt Your Man's Heart program is available digitally online allowing customers instant access to the training materials. A new informational video describing the course has been posted on the official Melt Your Man's Heart website. ([click here to view the video](#))

"In my experience, many people give up on relationships because they just can't figure out what they need to do to turn things around, and they feel hopeless," says Roman. "Melt Your Man's Heart is restoring that hope by showing women the steps that they need to take to get their man to open up to them again, and give them the warmth and love that they deserve."
