Hopelinks.net now offers the latest improvement in providing help to people with a new “Live Chat” feature. Hopelinks specializes in helping anyone needing help; find the best drug and alcohol, or behavioral health treatment center for their situation. In addition to the chat feature, Hopelinks provides 24/7 phone availability to a live operator. The person responding to your chat or call will ask you pertinent information to determine which type of treatment will be best suited for your set of circumstances. Hopelinks is proud of their compassionate and caring operators who will guide you through the process to locate the right help.

Be prepared to chat about the following:

1. Age and Gender
2. Services Seeking
3. Location
4. Substance Abused
5. Length of Usage
6. Previous Treatment(s)
7. Medical Disabilities
8. Psychiatric Diagnosis
9. Current Medications
10. Ability to Travel

This will enable us to recommend the best place best suited for your needs. We understand how confusing this process can be. We will simplify it for you. This can be your first step to a new life, let us guide you.
