How We're Different

We give you the option to have your incoming calls screened by an adoption professional. through our toll free number.

Find a birthmother to fit your specific situation. We provide sections for not only traditional adoptions but, adoptions for single mothers and alternative couples too.

With our forums you will have access to people in your exact situation so that you can interact and get guidance during throughout the adoption process.

Pay in advance or month-to-month. We give you the ability to save money with our flexible pricing .

We have a team that drives traffic to the site and focusses on bringing adoptive parents and birthmothers together , Our main Goal for this community is to assist you in building your family and educate you about the world of adoption.

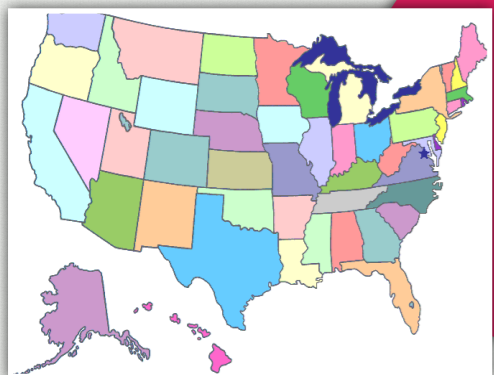

AdoptionConcepts.com Provides resources for all your adoption needs in one easy site to navigate site. Use our Forum to post on any of our for topics and Professionals may use our Situations page to help locate potential adoptive parents as well.

It is our hopes that Adoption Concepts.com will be the place YOU want to come to and join. So become a member its FREE!!..

Use our large database to get information on important topics such as tax incentives, infertility resources, adoption info and how to avoid adoption scams.

You're not limited to people within your agencies database. With our site you have access to one of the most comprehensive adoptions databases around.

You can trust us. We have over 20 years in the adoption business.

All for only \$45/month

We allow you to create a Parent Profile Listing includes a personal description of your family detailing your desire to adopt a child, your contact information, a link to your web site and your photo(s).

Your Parent Profile Listing includes a personal description of your family detailing your desire to adopt a child, your contact information, a link to your web site and your photo(s).
