

Providing specialized expertise in the execution of projects in a sustainable way.

Welcome to Sustainable Group

Sustainable Group Inc. is a premier licensed General Contractor (CA #966993) providing general construction, environmental remediation, demolition, civil site development, and marine construction services. We also offer Leadership in Energy and Environmental Design (LEED) expertise pertaining to renewable energy and sustainable sites, as well as overall facilities management consulting services. Sustainable Group key personnel have over 22 years of experience in successfully executing projects and performing expert facilities management for multiple Federal entities including the Department of Homeland Security, Department of Energy, Department of Defense, Department of Transportation, and the Army Corps of Engineers.

Sustainable Group founder and CEO, Roger Wykle PE, LEED AP, PMP, CFM is a retired U.S. Coast Guard (USCG) Commander, and an industry leader in sustainable project delivery and facility management practices. Mr. Wykle is also a major proponent of energy conservation and was integral in the successful execution of the first-ever Energy Savings Performance Contract for the USCG in Alameda, CA, along with the implementation of hundreds of energy conservation measures (ECMs) along the West Coast.

More recently, Mr. Wykle served as the Senior Project Director for the site construction of two solar plants in support of Pacific Gas and Electric's 250-MW Solar Program. In addition, as Commanding Officer of USCG Civil Engineering Unit, Honolulu, HI, Mr. Wykle directed an extensive solar panel installation project at Coast Guard Station Kauai, and was a leader in the solar initiative during the U. S. Army Public/Private Venture (PPV) at the former USCG Red Hill Housing Area.

Services and Disciplines

Sustainable Group provides a wide range of essential general contracting, construction management services, and consulting, including:

General Contracting/ Construction Management

With over 22 years of general contracting and construction management experience,

Sustainable Group has successfully managed over 500 projects valued from \$5,000 to \$27,000,000. Sustainable Group leverages this experience to execute projects ranging from tenant improvement of an existing structure to all-encompassing Design/Build of new structures. Every project is executed in a sustainable manner, from the selection of materials through ensuring the structure lasts beyond its projected service life.

Environmental Remediation/ Site Development

Regardless whether it's contaminated soil, groundwater, sediment, or surface water, Sustainable Group has the experience and expertise to efficiently solve the issue, restore the environment, or prepare it as a sustainable site ready for new development.

Demolition

Sustainable Group enjoys an equally impressive demolition projects resumé, including everything from interior wall demolition to excavation and removal of large underground storage tanks. No demolition project is too small or large, and each receives Sustainable Group's renowned attention to detail and expert execution.

LEED Expertise

Sustainable Group is fully certified in LEED with specialized experience in the delivery of renewable energy projects for multiple clients. Leadership in Energy and Environmental Design (LEED) is an internationally recognized green building certification system. LEED provides third-party verification that buildings and communities are designed and built using strategies intended to improve performance in metrics. This includes energy savings, water efficiency, CO₂ emissions reduction, improved indoor environmental quality, and stewardship of resources including sensitivity to their impacts.

Facilities Management Consulting Services

Sustainable Group is well-versed in Facility Management functions, including planning, engineering, design, construction, maintenance, repair, real estate, housekeeping, grounds, fleet management, security, environmental compliance & cleanup, and more. In addition, Sustainable Group is a referred vendor for major national consulting firms who hold multi-million dollar Indefinite Delivery Indefinite Quantity contracts with Department of Homeland Security.

Let's Discuss Your Needs

Sustainable Group will become a highly valued and trusted resource that you'll rely upon to consistently provide expert, efficient, and professional construction, remediation, demolition, LEED, and facility management consulting services.
