*“I have to tell you, your site is wonderful. It took us no less than 3 days to secure a contract. We had (otherwise) rented to a Canadian couple for the past three years and when they canceled at the last minute, it left us scrambling! Thank you for such an affordable, valuable resource. We've recommended your site to many others.”*

*“Each season through American Snowbird.com I receive many, many inquiries on renting our home. The three years we have subscribed to your service, these inquiries have led to successfully renting our home for all or most of the winter season. You have been so successful in helping to rent our home, we now list our home ONLY with American Snowbird.com!”*
