ESSENTIALS

SPECIFICATIONS

Size: 2.2" x 1.25" x .25" when folded

3 finger sizes: Kids/Small, Medium, Large

Each FLYGRIP box includes:
Installation/How to instruction booklet

2 foam insert pads for extra snugness and comfort

1 extra 3M™ adhesive

APPLICATION

- 1 Clean surface:
Using the provided isopropyl alcohol wipe, clean phone/case surface and let dry
- 2 Apply FLYGRIP:
Remove the adhesive backing from FLYGRIP, and align evenly on the back of your phone or case. We recommend placing FLYGRIP on the bottom center of your device, where gripping is most comfortable.
- 3 Curing:
Press firmly and hold in place for 30 seconds. We recommend that you allow the adhesive to bond for 30 minutes before using. Allow up to 48 hours for full bonding to occur.

REMOVAL

Your FLYGRIP can be removed using a thin, blunt object. A plastic butter knife will work fine. Carefully slide blunt knife under the FLYGRIP and pry up slowly around all 4 edges. Slowly remove the FLYGRIP as to not damage it. The adhesive will not leave any residue.
