## LIDO BEACH RESORT ANNOUNCES SUCCESS OF “DOWN IN THE SAND” DINING

*Locals and travelers agree: the most unique “surf and turf” experience in Sarasota, the Down in the Sand dining special at the Lido Beach Resort, is a hit.*

Sarasota, FL – When the Lido Beach Resort decided they wanted to take advantage of their beautiful beachfront property, the concept of “[Over the Top, Down in the Sand](#)” dining came naturally. Combining the culinary talent of their renowned chefs and the amazing views of the ocean, the Down in the Sand dining experience was destined to become a success—and half a year later, locals and travelers agree that few beach dining experiences compare to this unique event.

Perfect for special occasions such as anniversaries, birthdays, business dinners, or just to celebrate everyday *joie de vivre*, the Down in the Sand lets guests experience “surf and turf” like never before. When a group books the Over the Top & Down in the Sand dining experience, the Sarasota resort and the world-renowned professional sand sculptors of Teamsandtastic create a table setting unlike any other, literally carved out of the beach. This Sarasota dining package can also be customized to fit any theme or occasion.

With the unique setting established, the [Sarasota restaurant](#) team gets to work preparing tantalizing food, spread across five epic courses. Groups will start with tempting appetizers that start the meal off with bold flavors and tease the taste buds for the food to come. Afterwards, a savory salad and intermezzo offer a culinary crescendo that leads to the climactic surf and turf combination. Finally,

delicately prepared desserts provide just the right taste to cap off the dining excursion.

The Down in the Sand Sarasota dining package is unlike anything around. The next time guests have something to celebrate—a new job, a wedding, anniversary, or simply life—be sure to celebrate in style and book the Over the Top & Down in the Sand dining experience.
