#### **About Multiblitz**

Multiblitz is one of the worlds leading manufacturers of state-of-the-art studio lighting equipment since 1948. In 1976, Multiblitz forever changed the photography world when it introduced the industry's first compact monolight, the now legendary MINISTUDIO 202. Today, leading professionals in over 100 countries use Multiblitz studio lighting equipment and monolights. As the most experienced manufacturer of professional lighting equipment worldwide, Multiblitz takes pride in the fact that it is the only European brand that is still producing award-winning, completely European products, relying solely on German engineering and manufacturing. Multiblitz continues its 63 years lasting tradition of delivering German engineered premium studio lighting with a mix of experience, innovation, enthusiasm, and youth. Multiblitz: Premium quality and reliability – **Made in Germany**
