

Hostmonster launches 50% Off Discount on Black Friday 2012 / Cyber Monday 2012 - \$3.95 Promotion

Hostmonster has announced a special sale for Black Friday 2012 and Cyber Monday 2012. Under this promotion, Hostmonster shared hosting package will be available at a discounted price of \$3.95 a month, which is up to 50% off the regular price of \$6.95 a month. Hostmonster Black Friday 2012 / Cyber Monday 2012 Sale will run through the entire Black Friday weekend and following Monday i.e. from 23rd November 2012 to 26th November 2012. Customers can activate this special Hostmonster discounted price <http://alwaysupwebhosting.com/hostmonster/>

Though Hostmonster is quite competitively priced at \$6.95 even without a discount or a coupon, but with the Hostmonster Black Friday and Cyber Monday offer, one can now get their hosting plan at \$4.95 per month for a 12 month contract and \$3.95 per month for 2 year or 3 year plans. This means customers can actually lock in a saving of \$108 by going for a 3 year Hostmonster hosting package. Similarly, one can save a cash of \$72 on a 2 year hosting package.

It is highly recommended by the Company to lock in the reduced price for a 3 year Hostmonster hosting package here:

Setup in the year 1996, Hostmonster has continued to provide expert web hosting solutions and now boasts of serving over 1.7 million business and personal websites. Hostmonster specializes in shared hosting and offers only one hosting plan which is designed to deliver full functionality on a small budget. This plan allows webmasters to host an unlimited number of sites on a single hosting account with unlimited bandwidth, storage space, e-mail accounts & databases. They use the industry standard and most preferred control panel, Cpanel, for website administration. When you sign up for their hosting plan, you get a domain name for free for the first year. Following year domain renewal price is only \$11.99. Also you get free advertising credits for Google, Yahoo and Bing as a bonus offer. Hostmonster supports the latest technology including RoR (Ruby on Rails), PHP, Python, MySQL, PostgreSQL, FastCGI and SSH.

Hostmonster promises that they don't outsource any aspect of their business to other companies or subsidiaries, which is very surprising given their size and scale. This assures customers of quality service and prompt technical support.

Remember this special price of \$3.95 per month is only a limited time discount available at <http://alwaysupwebhosting.com/hostmonster/>
