

## **Rapid Results Method: Russ Horn Gives Away His Forex Power Pro System**

Summary: WealthSpringMarketing.com reports that Forex trading legend Russ Horn has made his Forex Power Pro trading system available to the public at no cost in anticipation of his upcoming Rapid Results method program launch.

"Russ Horn's Rapid Results Method will undoubtedly go down as the biggest Forex trading system launch of the year," reports WealthSpringMarketing.com's Tiffany Hendricks. "In anticipation for this event Russ Horn has generously made his Forex Power Pro system available, and traders really seem to be excited to give it a whirl, considering the success Horn and his inner circle of professional traders have had using it."

Forex Power Pro is a professional grade trading system built "from the ground up" by renowned Forex expert Russ Horn. Horn, who is one of the most respected traders, educators and mentors in Forex made the system available on his website where visitors can download the Forex Power Pro manual, the Forex Power Pro template for MetaTrader 4, and watch a webinar where Horn walks visitors through the system step-by-step. Hendricks explains the benefits of using Horn's Forex Power Pro:

"This is a relatively simple system that anyone with an understanding of Forex trading can use to set up start trading with in about fifteen minutes," says Hendricks. "Russ Horn, who developed the system knows Forex trading better than just about anyone out there and he has personally help thousands of traders to improve and become successful in Forex. He might be giving the program away free, but it could easily be sold for hundreds if not thousands of dollars."

"By signing up and downloading Forex Power Pro, folks will also receive some additional valuable content and be given 'first dibs' on Horn's upcoming Rapid results Method," says Hendricks. "Considering that Horn's other programs have sold out in days, and in some cases even hours after their release, signing up now might be a good idea."
