**Artist brings his ‘10 Cities, 10 Discoveries’ tour to all-suite hotel in Miami, Florida**  
**Springhill Suites Miami Airport East/Medical Center event coincides with city’s Art Basel**

Miami, FL – Just as the Olympics of the Art World are about to kick off in Miami, the [Springhill Suites Miami Airport East/Medical Center](#) is set to light the torch on its Art on the Road initiative during the same time.

Artist Ken Kaminesky will bring his “10 Cities, 10 Discoveries” tour to this all-suite Miami hotel on Dec. 8 during the 11<sup>th</sup> edition of Art Basel, one of the most prestigious art shows in the United States. Kaminesky’s project sheds light on local artists and their works, aligning well with the mission of the all-suite Miami hotel. Art by the youth of Touching Miami With Love, a safe haven for children of Overtown, will be showcased and available for purchase as a fundraiser for the organization that fosters spiritual, mental, emotional and physical well-being for children and their parents.

“Not only do I get a chance to help celebrate art and artists, but I also get a chance to explore several new cities as well as rediscover [some of my favorite places in America](#),” Kaminesky notes in his blog.

Besides photography, the inventor is a self-proclaimed lover of traveling and hotels, making the partnership with Marriott’s Springhill Suites brand an even sweeter deal.

“Hotels have their own personality, and I have a switch that goes on when staying at a hotel where there is that something extra,” Kaminesky says. “At times, this is the intangible feeling that I get when everything goes right. Other times, it’s the one specific thing that I’ll remember fondly.”

Kaminesky will have many things to remember about his stay at the all-suite Miami hotel. From the second he steps through the architecturally inviting entrance, the hotel’s stylish lobby boasting colorful furnishings, carpets and wall decorations will truly inspire him as will one of 198 suites with spacious quarters divided up for working, eating and sleeping.

The [Miami hotel suites](#) feature well-lighted work spaces with complimentary high-speed Internet and ergonomic chairs; large flat-screen TVs; iPod docking stations; kitchenettes with microwaves, mini-refrigerators and coffee makers; and two distinct bathroom areas with separate tubs and showers and Paul Mitchell products. Pillow-top mattresses on one king or two queen beds are topped with luxurious white cotton-rich sheets, custom comforters and plenty of fluffy down and feather pillows. Comfortable pullout sofa beds also are standard in each suite.

An outdoor pool, state-of-the-art fitness center, onsite Starbucks coffee house and complimentary hot breakfast are just snapshots of other amenities and services afforded to all guests of the Springhill Suites Miami Airport East/Medical Center.

About the Springhill Suites Miami Airport East/Medical Center
