

NorthStar Insurance Services, Inc.

We are pleased to announce that the NorthStar Insurance Services, Inc. has partnered with the Professional Protector Plan® for Dentists.

There are many reasons that dentists choose to be insured by the Professional Protector Plan® for Dentists (PPP®). Just a few of these benefits include:

Stability – Serving the dental community since 1969, the Professional Protector Plan® for Dentists is the oldest and largest professional liability insurance program designed specifically for dentists. The program also includes ancillary coverages designed to protect your practice.

Experience – Through our dedicated and experienced PPP® Administrator, service is a telephone call away.

Risk Management Hotline – Risk management assistance is provided as a value-added service to insureds through a CNA HealthPro Dental Risk Management professional.

The PPP® offers a comprehensive insurance package including professional liability, general liability and property coverages. These coverages are integrated into one policy and offered to you by one company.

If you have any questions, please contact your PPP® Administrator servicing Massachusetts:
