Founded 2000

Aleratec designs and manufactures high-performance products acclaimed for their reliability and ease-of-use.

Beginning in 2000, California-based Aleratec has met the needs of government and commercial markets with professional-grade duplicators for hard disk drives, USB flash drives and BD/DVD/CD discs, as well as disc printers, blank media, shredders, disc repair and related accessories.

In the consumer marketplace, Aleratec offers innovative accessories for smartphones and tablets.
