

ROCKLER ADDS NEW CAST STEPS TO DELUXE ROLLING LIBRARY LADDER KITS

Cast Steps Feature Classic, Vintage Look

MEDINA, MN (December 4, 2012) - Rockler Woodworking and Hardware has just added new Cast Steps to their Library Ladder System – a complete line of hardware do-it-yourselfers use to create their own rolling ladder. The Cast Steps feature the same satin black finish as the rest of the hardware as well as solid one-piece aluminum construction cast in a pattern which echoes that of classic ladder steps from the early 20th century. The steps make it easy to build an attractive, sturdy ladder perfect for libraries or other rooms in the home. The steps are simply bolted between two wooden rails without the need for complicated joinery or hardware.

"The fact that the Cast Steps are ready-made steps make the ladder much quicker to build. They also make it much easier to achieve the vintage turn-of-the-century look that is so popular with these ladders," said Steve Krohmer, Rockler's Vice President of Product Development. "The intricate design and attractive satin black finish really catches the eye."

The Cast Steps are part of the Deluxe 8' Rolling Ladder Kit (49592) which contains 7 Cast Steps, a solid aluminum decorative spindle, two wheel housing assemblies, step rods with cap nuts for each ladder step, two hook bracket assemblies, all fastening hardware, manual, and detailed ladder plan. 9' (44145) and 10' (47363) Kits are also available.

The Deluxe 8' Rolling Ladder Hardware Kit (49592), retails for \$599.99. All of the Rolling Ladder Hardware can be purchased at Rockler Woodworking and Hardware stores nationwide, Rockler independent resellers, Rockler.com, or from the Rockler catalog. For store locations or a free catalog, please visit www.rockler.com or call 1-877-ROCKLER.
