

## New Release: iPoe Collection Volume 2 State-of-the-Art Illustrated and Interactive Poe Stories

Play Creatividad announces the release of **iPoe Collection Volume 2** for Thursday 6 of December. The enthusiastically awaited second issue of the interactive Edgar Allan Poe's stories for iOS goes beyond the limits of interactive books with some of Poe's most recognized stories, **The Black Cat**, **Hop-Frog** and in an imminent update **The Raven**. To celebrate this launch the iPoe Apps will have a limited time launch discount.

Play Creatividad presents iPoe Collection Volume 2, the Interactive & Illustrated Edgar Allan Poe Collection for iOS. Now available at the App Store! Much more than an eBook, this app presents a new way of reading horror stories involving the reader and bringing the stories to a new level.

The second volume of this acclaimed collection of interactive Poe stories has just been released. After the great reception of Volume 1, with over 200.000 downloads and thousands of 5 star reviews, the second volume of this **Top Seller App** arrives with two of the most awaited stories filled with groundbreaking interactivity, terrific illustrations and enveloping soundtrack.

To celebrate the launch of the new App, both Volume 1 and 2 will have a special launch price during December 6 and 7. An opportunity to get both Apps for the price of one.

Rediscover Edgar Allan Poe's work with iPoe, the Interactive and Illustrated Collection with which you will find the difference between an electronic book and a total interactive experience exploring all capabilities of the iPod, iPhone and iPad. Get shrouded in shadows and dive into the dark work of the master of horror through some of his best stories:

**Hop Frog, The Black Cat and The Raven (coming soon)**

**Feature highlights:**

- \* Fully illustrated by David Garcia Forés.
- \* Interactive elements and animations that bring the stories to life.
