## GREENVILLE HOTEL RAISES ITS PROFILE AFTER \$1 MILLION-PLUS REMODEL

### *Fresh guest rooms, Bistro and new lobby added at Courtyard Greenville Haywood Mall*

**Greenville, SC** – The Courtyard Greenville Haywood Mall has gone uptown in the Upstate with the unveiling of its more than \$1 million renovation.

The project raises the bar for guests staying at hotels near downtown Greenville while emphasizing Marriott's commitment to providing modern areas for eating, drinking, working, socializing and sleeping.

Renovations to the hotel near Haywood Mall include a fresh new lobby with media pods where guests can sit down and charge their cell phones, laptops and tablets and enjoy free wireless, high-speed Internet and flat screen TVs with personal remotes.

Small pedestals in the redesigned welcome center replace the traditional informal

front desk and make the check-in and check-out processes more personal. A 52-inch interactive GoBoard allows guests to walk up and, with a simple touch, retrieve weather forecasts from across the country, check out things to do in Greenville and its surrounding areas, get driving directions and even search for the latest flight information at Greenville-Spartanburg International and all other airports in the United States. A separate nook called the Boarding Pass Station provides visitors with a place to print their boarding passes and ready for their flights. Families or small groups also will find a comfortable home theater area off the lobby where they can spend quality time viewing the latest comedy, action, drama, documentary or kid-friendly movies.

The pinnacle of the remodel is the restaurant located just feet from the lobby. The Bistro raises the dining standard with breakfast selections and an all new dinner menu. The eateries sports comfortable tables and bar seating where guests can enjoy freshly brewed Starbucks coffee, toasts a successful business meeting with a number of craft, domestic and imported beers or imbibe a specially concocted cocktail while watching a number of strategically placed flat-screened TVs displaying news, entertainment and sports programming.

Other hotels in Greenville, SC, won't be able to compete with the Courtyard's luxurious facelift to its 134 rooms and 12 suites situated on three floors. Brightly colored walls in hallways, sleeping quarters and bathrooms will excite any traveler, while fresh, plush bedding with custom duvets, cotton-rich linens and fluffy pillows will allow the weary a quiet, comfortable night's sleep. Rooms also feature free high-speed Internet, microwaves, mini-refrigerators, irons and ironing boards, in-room coffeemakers and Paul Mitchell products in the bathrooms.

Business professionals, couples and families looking to sneak a peek at the hotel can take advantage of several packages being offered from now through February (with some restrictions). They include:

- Stay for Breakfast, offering complimentary breakfast for two (with children 12 and under eating free) with rates from \$99 per night through Dec. 21. Use promotional code S4B when booking.
