Contact Us

- Firefly SAFE & GREEN Fuel does it ALL!
- Oil Lamps & Lanterns, Tiki Torches and Oil Candles
- NON-TOXIC, Non-Hazardous, Non-Flammable
- Clean & Odorless Burning
- CHILDPROOF PACKAGING
- Organic, Eco-Friendly Fuel
- Sustainable
- Longer Burn Times

APPLICATION FLEXIBILITY – Finally, one fuel that does it ALL!

INDOOR & OUTDOOR USEABILITY

- Oil lamps and lanterns, tiki torches, oil candles, firepots (with wick adaptor), ventless fireplaces (with flat wick mat) and a great grill charcoal lighter.
- Replaces paraffin fuel that becomes solid at 35 degrees F.

FUEL SAFETY

NON-TOXIC

- Accidental ingestion is not life threatening
- Childproof caps
- Industrial bottle design won't be confused for juice container
- Initial smell when opened warns against drinking
- Clear-color fuel less confusing with popular colored juice drinks

NON-HAZARDOUS

- Use indoors or outdoors
- Spills are easy and safer to clean up
- No restrictive shipping requirements

NON-FLAMMABLE

- Higher flash point than tiki torch fuel
- Safer to ship

LONGER-LASTING BURN TIMES

ECONOMICAL

- 25% longer burn times than competitive Tiki Torch fuels
 - 15% longer burn times than competitive Paraffin Oils
 - Works well with cotton and fiberglass wicks. The fiberglass wick is the better choice.
-

A TRULY GREEN, SUSTAINABLE, ECO-FRIENDLY FUEL ALTERNATIVE

100% ORGANIC

- Seeds from a common tree growing in the US
- PURE seed oil, no ethanol
- A by-product of normal manufacturing
- Clean burning, virtually smoke-free even with larger wicks
- Odor-free burning in oil lamps, candles and tiki torches
- No buildup of soot, just a beautiful, clean flame

Firefly Safe & Green Fuels are guaranteed to work with these oil lamps, oil candles, tiki torches and any other similar products:

- TIKI® Brand by Lamplight Farms
- AGI Group
- Astonica
- Blue Rhino
- Bond Manufacturing
- Focus Industries
- H. Potter
- Starlite Garden & Patio Torche Co.
- Strathwood
- Pangaea Home and Garden
- Twilight by Housewarmer
