SAO PAULO AIRPORT MARRIOTT HOTEL CREATES GREAT ROOM WITH NEW LOBBY LAUNCH

Sao Paulo hotel integrates front desk, business center, lobby bar and restaurant for unique experience

Sao Paulo, Brazil – The Sao Paulo Airport Marriott Hotel has launched a new lobby stylized after the “Great Room” concept. The 1,000 square-meter lobby area integrates the front desk, business center, lobby bar and restaurant areas for a unique and sophisticated environment.

The new Great Room at the Sao Paulo hotel allows the merger of social and business activities with more privacy thanks to the Individual Zone Sofas and mingling areas at the Communal Tables for small groups. The entire space has wireless Internet access.

The Guarulhos airport hotel’s front desk has three individual service stations, with reserved exclusively for Marriott Rewards Elite Members, providing a new experience.

The Café Deville Restaurant, open daily from 6 a.m. to midnight, presents guests with a variety of buffet and à la carte dishes in a comfortable area with pool views. The Sao Paulo Brazil hotel’s exclusive wine cellar boasts international labels that will surely please all tastes.

The Atrium Bar is the place to have drinks and appetizers or host fast and informal meetings. A 7 p.m. happy hour provides live music.

Other functional environments around the hotel include a beauty parlor, jewelry and convenience stores, rent a car and business centers and game room. The fitness center has modern, high-tech equipment, a sauna, massage services, exclusive Pilates area and a vibe class for holistic training with highly skilled professionals.

The Guarulhos hotel’s convention center, with 2,000 square meters across 17 meeting rooms, can host up to 500 people and has modern equipment and Wi-Fi access. Outdoor and leisure areas are some of the best places in the region for swimming and playing tennis.

There are 313 apartments at the Sao Paulo hotel, including 10 all-air-conditioned suites on nine floors. All have high-speed Internet access, coffeemakers, individual laptop-sized safes, work desks, bathtubs, hairdryers, mini-bars and LCD TVs. Two apartments are set aside for people with special needs. Room service is available 24 hours a day.

On the Executive Floor, there are 29 luxury apartments with one presidential and one executive suite. Guests can enjoy the Executive Lounge, an exclusive area for check-in and check-out,

breakfast and happy hour as well as reading newspapers and magazines at the hotel Sao Paolo Brazil.

About the Sao Paulo Airport Marriott Hotel

Opened in 1993 by the hotel chain Deville, the Sao Paulo Airport Marriott Hotel offers luxurious accommodations near the Guarulhos airport. After identifying this competitive market, Marriott International teamed up with the Deville hotel chain and turned the Sao Paulo Airport Marriott hotel into the first franchised Marriott property in South America, retaining Deville as the owner. With a forte in tourism and business events, the Sao Paulo Airport Marriott was the first five-star standard hotel near an airport in Brazil. It is strategically located five minutes from the Guarulhos International Airport and offers top-notch services and facilities to leisure and business travelers.
