AMERICAN PSYCHOLOGICAL ASSOCIATION

**Emotional Intelligence or EI** is defined as - *“A set of emotional and social skills that influence the way we perceive and express ourselves, develop and maintain social relationships, cope with challenges, and use emotional information in an effective and meaningful way.”*

## Why Certification?

**Optimize Performance** of your individual or corporate client in critical areas such as:

Communication ✨ Leadership ✨ Relationships ✨ Teamwork ✨ Collaboration ✨ Strengthening Culture ✨  
Executive Presence ✨ Inspiring Excellence ...and more!

**Grow your practice** with EI as a catalyst to build your client development plan with training opportunities in 15 different Emotional Intelligence skills.

As a coach and authority in EI you can positively impact a client in all these areas and more by developing their individual or group emotional intelligence. ***Different from static personality assessments, Emotional intelligence is dynamic and can be learned!*** Through our EI Certification Workshop you will learn how to use and effectively administer the [EQ-i 2.0](#) & [EQ 360](#) assessments to help clients. Certification is through [Multi-Health Systems](#).

With offices in North America and Europe, and partners around the world, [MHS](#) serves the global community. MHS has been providing the psychological community with leading assessment products for over 25 years. Their assessments and services are used in clinical, educational, forensic, pharmaceutical, corporate, and research settings. **“The EQ-i is used more than any other [EI] tool because it has more predictive validity,”** Human Capital Institute, Study on *“Return On Emotion, Predicting and Improving Human Performance”* This course is approved by ICF for 21.5 CCE Credits & 21.5 CE with APA
