Bob Scott's VAR Stars 2012 Announced

Burnaby, British Columbia—December 21, 2012—Plus Computer Solutions has been selected as a member of the Bob Scott's VAR Stars for 2012, a group of 100 organizations honored for their accomplishments in the field of midmarket financial software.

Members of the VAR Stars were selected based on factors such as growth, industry leadership and recognition, and innovation. Selection is not based on revenue and those firms chosen represent a wide range of size and many different software publishers of accounting software.

"Each year, 100 VAR Stars are picked from the best organizations that market financial software. It is always an honor to recognize those who contribute to the development of our business," Bob Scott said.

###

About Bob Scott

Bob Scott has been informing and entertaining the mid-market financial software community via his email newsletters for 13 years. He has published this information via the "Bob Scott's Insights" newsletter and website since 2009. He has covered this market for 21 years through print and electronic publications, first as technology editor of Accounting Today and then as the Editor of Accounting Technology from 1997 through 2009. He has covered the traditional tax and accounting profession during the same time and has continued to address that market as executive editor of the Progressive Accountant since 2009.
