58	The book that opened my heart up is: I Love you, Stinky Face by Lisa McCourt. The book that made me really emotional was the book that my Dad read to me called: I love you, Stinky Face by Lisa McCourt. This book really helped me realize what love means. My dad would read this book to me when it was time for me to go to bed to help me fall asleep. He would read it with emotion and excitement to keep my attention. The last time my dad read this book to me was when I was ten. He read it to me while he was lying in the hospital bed. That was the last really good memory that I have of him. This is why the book means so much to me. I have this book sitting in my room; I made a promise to my dad that I would read this book to my children when the day comes. I remember when I read this book at my dad's funeral and I couldn't stop crying, it was so emotional. I really hope the author comes out with more books because even though I'm fifteen I still consider myself a child at heart.	Nov 29, 2012 6:39 AM
