The Tao Of Badass by Joshua Pellicer has recently become a best selling dating and pick up guide for men, prompting a review by Vandenhoff Coaching.

Vandenhoff Coaching became aware of Pellicer's Tao Of Badass program following Pellicer's appearances on Current TV, The Today Show, and many other top media outlets. Pellicer who rose to fame as a prolific dating author and in-field pick up instructor has additionally hosted his own radio show on Sirius XM.

"Joshua Pellicer has been a thought leader in the men's dating advice community for several years now," reports Vandenhoff Coaching's Jake Vandenhoff. "He has a reputation for thinking outside the box and going against the grain when it comes to teaching these sorts of attraction and dating skills to men, and based on that reputation I was eager to review his course for my website visitors."

The Tao Of Badass intends to educate men on how to attract and charm women by understanding and applying a host of advanced psychological principles uncovered by Pellicer. Among these is the phenomenon of "pre-selection" which Vandenhoff refers to as, "one of the great biological mysteries behind female attraction."

"Having reviewed numerous dating and pick-up guides over the years, I was a bit skeptical as to whether Pellicer would really be bringing anything new to the table with his Tao Of Badass program," says Vandenhoff. "However, hype aside, the attraction system Pellicer details in his course could quite simply change a man's destiny with women, forever."

The Tao Of Badass program is available digitally online, allowing customers instant access to their training materials including the Tao Of Badass PDF ebook, Hacking Attraction video training, audio commentary, Banter Cheat Sheet, 5-Week Body Language Mastery Course, and other assorted bonuses.
