

About Gigi Scott and If I Only Knew...

Gigi Scott uses an assumed name after having to get the FBI involved to protect her from an ex-husband who has set out to destroy her life. Gigi resides in Florida with her daughter, and beloved dogs. A true survivor in every sense of the word, Gigi hopes that her life's story will serve as inspiration to her readers.

About The Book

If I Only Knew... Four words to describe the premise of life! Life's twists, turns, and navigation through bumpy roads could be avoided if only we knew that... A true story of three generations, all female, all Jewish, spanning over three continents. From the late 1800s to present-day 2012, Gigi's life story will take you through an emotional journey by way of a time capsule of some sort. This autobiography reads like a fictitious story, only it's not! You'll read about Gigi's mother, who served as a spy for the British, but didn't know it. You'll read about ill-fated decisions that ended up in betrayal of love and country, abuse, sex, love, failed marriages, the Israeli mob mentality, and inspirational stories of survival. You'll laugh and cry. But, most importantly, it is Gigi's hope that you'll be emboldened to take control of any part of your life you feel is out of balance, no matter if is financial, emotional or mental. *If I Only Knew...* is currently available for sale on Amazon and Kindle.
