## **Courtyard West Palm Beach Hotel Completes Major Lobby Renovation**

***New Design Features High Tech GoBoard, Flexible Work and Social Spaces and a 24/7 Food and Beverage Market***

**West Palm Beach, FL** – Marriott International Inc. has announced that the 138-room Courtyard West Palm Beach at 600 Northpoint Parkway in West Palm Beach, FL, has completed a major renovation of its lobby. The hotel now features the brand's new Refreshing Business lobby concept designed to give travelers the flexibility to work and socialize however they choose while on the road.

"From day one, Courtyard has prided itself as a brand that listens to what travelers want from a hotel," said Janis Milham, vice president and global brand manager for Courtyard by Marriott. "Guests want more control and choice with services and amenities that create a healthy balance between working and relaxing. We redefined the Courtyard lobby so it invites guests to get out of their rooms to work, socialize or for entertainment, whether traveling alone or with colleagues."

The West Palm Beach hotel's open, bright and contemporary new lobby welcomes guests with vivid contrasting colors including blue, green, orange and red. The traditional front desk has been replaced by separate welcome pedestals to create more personal and private interactions when guests check in. This will allow staff to move about to show guests the lobby features and provide assistance. Flexible seating options include a communal table in the middle of the action, more private media booths with high-definition televisions and an intimate, semi-enclosed lounge area.

A signature element at one of the newly remodeled hotels in West Palm Beach, FL, is the exclusive GoBoard technology, a 52-inch LCD touch screen packed with local information, maps and weather, news, business and sports headlines. Guests can navigate using the touch screen to find restaurants, local attractions and directions.

Guests of one of the premier West Palm Beach hotels can connect to free Wi-Fi. There are ample electrical outlets throughout the lobby to power digital devices. The enlarged business library features several computer terminals along with a free printer and separate computer stations dedicated to printing airline boarding passes and checking flight status.

Dining has been completely redesigned with The Bistro – Eat. Drink. Connect., offering casual, flexible seating; easier access to food and higher quality, healthier menu options for breakfast; and light evening fare including snacks, wine and beer. The Market, a 24/7 shop for snacks, beverages and sundries, is always open for late-night cravings or the toothpaste guests forgot to pack.

The Courtyard West Palm Beach is also pleased to introduce newly renovated guest rooms offering a comfortable and stylish room design. Thoughtfully planned, each room features plush bedding, a functional work space, spacious bathroom, separate seating area and complimentary wireless Internet access. The ample work space and ergonomic chair enable guests to accomplish their tasks, while the large flat-screen TV provides a great break and opportunity for downtime enjoyment. Providing a warm, sophisticated environment, the West Palm Beach hotel's rooms accommodate guests' desire to stay connected, productive and refreshed during their stay.

Green has been Courtyard's signature color since Marriott launched the brand 25 years ago. Now it is even greener with the introduction of a guest recycling program for the environment.

Receptacles for paper, glass, plastic and metal will be conveniently located by side exits of the West Palm Beach, FL, hotel.
