Courtyard Indianapolis Castleton Completes Major Lobby and Guest Room Renovations

New lobby design features high-tech GoBoard, 24/7 Market; redesigned guest rooms offer flexible work spaces, luxurious bedding and spacious bathrooms

Indianapolis, Indiana – January 3, 2013 – Marriott International Inc. announced that the 146-room [Courtyard Indianapolis Castleton](#) at 8670 Allisonville Road in Indianapolis, IN, has completed a major renovation of its lobby and guest rooms. The hotel now features the brand's new Refreshing Business lobby concept, designed to give travelers the flexibility to work and socialize however they choose while on the road.

“From day one, Courtyard has prided itself as a brand that listens to what travelers want from a hotel,” said Janis Milham, vice president and global brand manager of Courtyard by Marriott. “Guests want more control and choice with services and amenities that create a healthy balance between working and relaxing. We redefined the Courtyard lobby so it invites guests to get out of their rooms to work, socialize or for entertainment, whether traveling alone or with colleagues.”

The Castleton hotel’s open, bright and contemporary new lobby welcomes guests with vivid contrasting colors including blue, green, orange and red. The traditional front desk has been replaced by separate welcome pedestals to create more personal and private interactions when guests check in. This will allow staff to move about to show guests the lobby features and provide assistance.

A signature element at the newly remodeled hotel in Castleton, Indiana, is the exclusive GoBoard technology, a 52-inch LCD touch screen packed with local information, maps and weather, news, business and sports headlines. Guests can navigate using the touch screen to find restaurants, local attractions and directions.

Guests of one of the premier [hotels near Castleton Square Mall](#) can connect to free Wi-Fi. There are ample electrical outlets throughout the lobby to power digital devices. The enlarged business library features several computer terminals along with a free printer

and separate computer stations dedicated to printing airline boarding passes and checking flight statuses.

The hotel's dining has been completely redesigned with The Bistro – Eat. Drink. Connect, offering casual, flexible seating; easier access to food and higher quality, healthier menu options for breakfast; and light evening fare including snacks, wine and beer so guests can unwind. The Market, a 24/7 shop for snacks, beverages and sundries, is always open for late-night cravings or the toothpaste guests forgot to pack.

Thoughtfully planned, the Castleton, Indiana, hotel's [accommodations](#) feature plush bedding, functional work spaces, spacious bathrooms, separate seating areas and complimentary high-speed Internet access. The ample work space and ergonomic chair enable guests to accomplish their tasks, while the large flat-screen TV provides a great break and opportunity for downtime enjoyment. Providing a warm, sophisticated environment, the Castleton hotel's rooms accommodate guests' desire to stay connected, productive and refreshed during their stay.

Green has been Courtyard's signature color since Marriott launched the brand 25 years ago. Now it is even greener with the introduction of a guest recycling program for the environment. Receptacles for paper, glass, plastic and metal will be conveniently located at the Castleton hotel's side exits.

Courtyard by Marriott offers a refreshing environment that helps guests stay connected, productive and balanced. Intuitive services and design accommodate guests' needs for choice and control. With more than 860 locations in 30 countries, Courtyard is Marriott's largest brand. All Courtyard by Marriott hotels participate in the award-winning Marriott Rewards frequent travel program that allows members to earn hotel points or airline miles for every dollar spent during each stay.
