Fairfield Inn & Suites Naples Hotel Offers Clean Rooms for Fun & Dirty Swamp Buggy Racing Event
Spectators heading to the unique event can book low rates at a Naples hotel just 10 minutes from starting point.

Naples, FL – Much to the chagrin of mothers everywhere who warned their children to stay away from mud puddles, the Swamp Buggy Races invites dirty but clean entertainment for drivers and spectators as roaring swamp buggies splash and race during the Winter and Spring Classics. Those interested in attending the exciting race can book a stay at the [Fairfield Inn & Suites Naples Hotel](#), located less than 5 miles from the event.

Guests might have to wipe their feet at the door, but the Naples hotel is the perfect choice for those heading to both the Winter Classic (Jan. 26-27) and Spring Classic (March 2-3). Spacious accommodations feature complimentary wireless

Internet access, plush beds and well-lit work desks with ergonomic chairs. Before the start of every event, guests can fuel up with a complimentary breakfast buffet, giving them the energy they need to splash in, fling and enjoy the general muck of the [Swamp Buggy Races](#).

The buggies themselves may be the centerpiece of the event, but there are a few other notable additions that have become traditions over the Swamp Buggy Races' history. Like any good competition, the event also features a pageant to crown a queen. Unlike most

pageants, however, the queen's reign begins with a dunking in the thickest, slimiest mud in the area! (Fortunately for her, if she stays at the Fairfield Inn & Suites, she can quickly hose off in an in-room shower/tub combination.)

Rates during these swamp racing events start at just \$84 per night at the [Naples hotel](#). Spectators and racers alike are encouraged to make a reservation today.
