Aviation Training Courses

Welcome to the East Special Newsletter of Sofema Aviation Services

Sofema Aviation Services are very pleased to be returning to the facilities of Jet Aviation in the Dubai Airport Free Zone, to deliver our 3rd series of trainings. SAS is receiving strong and positive feedbacks from our previous Dubai trainings.

Please see [here](#) for previous comments.

By request we are offering a series of combined trainings which cover Part 21- CAR 21, EASA Part 145 - CAR 145, EASA Part M - CAR M, and Managing Competence in a 145 environment. These trainings are extremely practical and delivered from the viewpoint of the specific needs of the industry. A fundamental goal of all our trainings is to equip delegates with an understanding of how they can identify and develop efficiencies and improvements to understand the opportunities to deliver cost savings in many areas of the business.

[Guide to Auditing EASA Part 145 Competence Assessment](#)

[SAS Delivered EASA Part 145 Competence Training to ADAT](#)

Part 21 Subpart G with CAR Differences, 2 Days Sun Feb 3rd to Mon Feb 4th 2013

Whilst the production process does relate in part to the roll of Continued Airworthiness the primary function of the organization is Initial Airworthiness in respect of managing the production of Products Parts and Appliances for use on aircraft, the process is regulated in accordance with the requirements of Part 21.

This training is intended to focus on the essential elements to provide a comprehensive understanding of the Production Organization Process.

CAR 21 Differences will also be covered during this training.
