Aviation Training Courses

## **Last Call for Singapore Regulatory Trainings Maintenance and Production Planning, Reliability, QA, Human Factors Train the Trainer**

Sofema Aviation Services are pleased to provide an update regarding our forthcoming trainings to be held in Singapore at the Parc Sovereign Hotel, An excellent hotel ideally located. We are very pleased to be returning to Singapore to deliver a comprehensive training program covering 5 individual trainings.

### **What do delegates say about Sofema Aviation Services Trainings**

- "The Instructor graphically explain interconnections, add best practices in the discussions, outlines flaws in our current system."
- "Very experienced trainer and very professional approach"
- "Very helpful course! the instructor presented very good examples, he is an excellent speaker. he has huge background experience and knowledge."
- "All the aspects of the course were very useful and it will be very helpful in practice"
- "I am very satisfied by the trainer's knowledge on the subject and the fact he answered all the questions. Also positive was the clear language he used and the proper voice"

These trainings are extremely practical and delivered from the viewpoint of the specific needs of the industry. A fundamental goal of all our trainings is to equip delegates with an understanding of how they can identify and develop efficiencies and improvements to understand the opportunities to deliver cost savings in many areas of the business.
