RIGID INDUSTRIES LED LIGHTING
NEW & NOW AVAILABLE!

MARINE SR-M FLUSH MOUNT

Rigid Industries Introduces New Flush Mounts Designed for Maritime Applications

4.29" 2.24" 2.36"

Be sure to select the Rigid Industries LED light that best meets your marine needs. For instance, Spot lights are perfect for lighting a dock or when you need a long distance light that highlights a particular spot with a focused beam. A Diffused light is well suited to illuminating the deck of a boat because diffused lighting causes shadows to almost entirely disappear. A Flood light covers a large area while providing a wide area of illumination to ensure visibility while docking or when lighting the water is important.

Now you can have the power of Rigid Industries leading SR-M LEDs secured to your boat, trailer or truck with our new series of SR-MF and SR-MF2 flush mounts. They're perfect for mounting onto any flat surface where an LED can go. Made from powder coated cast aluminum. Limited lifetime warranty.

FACTS

- Available in Hybrid or Specter optical systems
- GORE Pressure Equalizing Vent
- Unbreakable Polycarbonate Lens
- A360 Aluminum Casting
- Durable UV 3800 Polyester Powdercoat
- Runs on 9 to 36 VDC
- 50,000+ Hour Lifespan
- Available in spot, flood, wide and driving optics
- Diffused versions also available
- IP68 Certified
- MIL810-STDG Vibration Certified
- ROHS Compliant
- Patented Optics (6,986,593 b2, 7,114,832 b2)

SPECIFICATIONS

Product Description	Part #	Weight (lbs)	Watts	AMP Draw	LED's	Raw Lumens*	Lux @ 10m	Beam Distance (m)**	Peak Beam Intensity (cd)**
