

## A-SERIES LED ACCESSORY LIGHT

**TRI-PLEX**

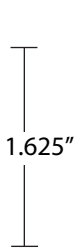

**WHITE**

(Shown in High Power)

**BLACK**

(Shown in Low Power (frosted lens))

It's a small light with a large projection – 200 Lumens interior and 400 Lumens exterior. The A-Series comes in a black, white or tri-plex (waterproof) cast aluminum housing with a polycarbonate lens and UV/anti-scratch coating.

The A-Series LED Accessory Light from Rigid Industries comes in in Black or White versions with Low Power or High Power in Warm White, Natural White, Cool White, Red, Blue, Amber or Green colors. The Tri-Plex version is a High Power only light available in the same colors.

Rubber adapter mounts are included in flat or tube mounts – all with side or bottom wire exit. An adhesive VHB die-cut pad is included to further mounting options.

The A-Series LED Accessory Light can be used for anything and goes everywhere from inside a vehicle cab, to a cabin light on a boat or on the back of a work vehicle or wherever anyone wants to put an LED light.

The optional "Low Power" Black & White lights have a frosted lens. (The Tri-Plex is only available in High Power.)
