

CORPORATE OVERVIEW

PayerFusion Holdings LLC is a privately held company with corporate offices in Miami, Florida USA as well as a satellite office in Copenhagen, Denmark. Our mission is to assist international insurers, self-funded employers and third-party administrators by providing effective solutions to support policy administration and compliance within the continually changing USA healthcare market.

We provide an array of claims management, cost containment and network development services customized to meet the needs of our client partners and effectively reducing their cost-per-claim. Utilizing PayFuseNet- our own proprietary provider network in combination with our HIPPA compliant technologies and services generates sustainable results that our clients can count on.

The PayerFusion Advantage

- Expertise and experience on all sides of the healthcare business enables us to understand the needs of all stakeholders in the healthcare equation.
- We provide superior cost containment that leads to both short and long-term savings by effectively controlling your cost per claim
- Our fine-tuned services, expertise and experience in healthcare reduces your administrative burden and ensures the smooth administration of your policies
- Vigilant monitoring and adherence to continuously changing state and Federal regulations along with ongoing development of best practices and policies
