Dear Member of the Media,

Samaritan Ministries has a different approach to meeting health care needs, and we want you to know about it. That's why you have this media kit.

In this document, you'll find:

- » Facts about Samaritan.
- » Testimonies from Samaritan members.
- » A detailed written explanation of our ministry.
- » Contact information.

We hope you'll include us on stories you'll be doing about the health care debate.

Sincerely,

Mike Miller
Communications Specialist

About Samaritan Ministries International

Samaritan Ministries International enables Christians to help one another with medical needs without using health insurance.

Each month a newsletter is mailed to all of the member households. Included with each newsletter is an individualized monthly share notice assigning that household to another member's medical need. Members are asked to mail their monthly share directly to another member, to include a note of encouragement and to pray for the member in need.

The current monthly share is \$150 for singles, \$300 for a couple, \$215 for a single-parent family, and \$355 for a family. The monthly share is also reduced for anyone 25 or younger.

Any Christian who has a vision for practicing Christian community as explained in the SMI guidelines and agrees with the SMI statement of faith may join as a fully participating member.

SMI is an Illinois not-for-profit corporation founded in 1991 by Ted A. Pittenger. SMI's administrative offices are located in Peoria, Illinois. The organization's purpose is to operate ministries designed to assist the Body of Christ in carrying out the Great Commission that Jesus Christ gave to His disciples as recorded in Matthew 28:18-20.

The ministry is a member of the Alliance of Health Care Sharing Ministries.

For more information on Samaritan Ministries International, contact Michael Miller, communications specialist, at 1-877-764-2426, Ext. 142.

How it works

- 1.** A member who has a medical need to be published sends the bills to the ministry office along with a completed Need Processing Form that explains the need.
- 2.** Members work with health care providers to obtain reductions and discounts. Samaritan also partners with the negotiators like the Karis Group.
- 3.** Member Services verifies the information and prepares the need for publication.
- 4.** Publication works by way of an allocation system; members are notified to whom they'll send their share via a monthly share slip.
- 5.** Members receive the Christian Health Care Newsletter, pray using the daily Prayer Guide, and mail their shares directly to other members.
- 6.** A checklist with the names of those assigned to share in your need is provided to the receiving household so that the member can keep track of the sharing process and accountability.

What our members say

Who would expect more than 80 percent?

Roland Rumbold, Roanoke, IL

“When we became members of Samaritan we did not realize that all of our medical expenses would be met if possible. We thought, ‘Who would ever expect more than 80 percent?’ God bless.”

The Lord provided our every need through His people

Chester and Sharon Webster, Summersville, MO

“I just wanted to say that the Samaritan Ministries members have been a tremendous blessing during both of my husband’s surgeries. The Lord has provided our every need through the generosity of His people. It was overwhelming that so many people we’ve never even met lifted us up in their prayers and sent kind words of encouragement. We appreciate each and every one of you.”

It works in a caring way

Nathan and Shanna Peachey, Bellville, PA

“Thank you so much for the help we received through the Samaritan Ministries program. We received the full amount for our need. It works in a very caring way and we were overwhelmed at the checks that came, and the notes of encouragement with every check. I think Shanna went through the mail every evening looking for cards. It meant so much to her. Some people put in stickers and little things for our girls. Shanna is doing very well now. Thank you for your prayers.”

Giving to other Christians instead of insurance gives me joy

John and Margaret Grimm, Ogdensburg, NY

“In looking over the finances for the year, my husband remarked, after being told the amount we sent through Samaritan Ministries, ‘It gives me joy to hear you say we gave to other Christians instead of paying for insurance.’”

We appreciate how smoothly the process works

Samuel & Cheryl Cowles, Opal, SD

We appreciate how smoothly the entire process works. The thoughtful words that came with the checks were also a blessing. Then to receive notes of encouragement with our needs was wonderful, especially for our son who even received a gift of stickers and the letter addressed to him. What a delight to a young boy of 7 years. Thanks.
