

## Introducing Pacific by Marie Veronique Organics

Pacific by Marie Veronique Organics is a treatment-driven line of anti-aging skincare products made with the most potent ingredients from the Pacific Ocean and throughout the Pacific Rim. At MVO we have always been dedicated to making products with intelligent ingredients because we know that the right ingredients can do a world of good and the wrong ones quite the opposite.

The Pacific line was developed to specifically address the challenges of aging skin—from wrinkles and sagging to dehydration and hyperpigmentation. Our treatments are anything but superficial, instead we work from the inside out, carefully selecting ingredients to address the causes of aging at the source.

Here are a few of the many key ingredients that make Pacific really stand out:

- **Astaxanthin:** Derived from Hawaiian red pond algae, astaxanthin is the most powerful antioxidant on record. Its anti-aging benefits are nothing less than stunning. Topical applications reduce wrinkle-formation, and in human trials, astaxanthin has been shown to reduce visible signs of UV-aging.
- **Pacific Marine Bioactive Peptides™:** These bioactive peptides from algae and seaweeds are uniquely moisturizing and provide the vitamins and minerals your skin needs to function at its best.
- **Lacto-ceramides:** Identical to the natural ceramides in human skin, lacto-ceramides effectively penetrate and enhance your own synthesis of ceramides. This enhances barrier function, keeping the moisture in and the toxins out.

*And, most remarkably...*

- **CMBI Natural Marine Extract™:** This is the essential ingredient in Pacific Topical Marine Treatment, developed with Dr. Eric Lewis, a prominent Beverly Hills dermatologist.

This active component found in the sea rejuvenates by stimulating the fibrocytes in your skin to produce more fibrocytes. What's more, it stimulates all of the fibrocytes (new and existing) to produce more collagen, elastin and hyaluronic acid—well known to be the secrets to youthful skin. Equally important, this potent extract actually stimulates blood vessel formation which elevates the overall health of the skin.

---

① ② ③ ④ **CLEANSE**

---

Pacific Cleanser \$60, 4 fl oz | 120 ml e or \$35, 2 fl oz | 60 ml e

**WHY:** Because the older you get, the more care you need to take when cleansing your skin.

**HOW:** Gently removes accumulated grime and excess dead skin cells without stripping the skin of its top protective lipid barrier.

**WOW:** Cleaner, smoother, softer and more supple skin.

---

• **Key Ingredients**

Many other cleansers use harsh surfactants or sudsing agents that actually strip the skin of its environmental protective barrier, exposing it to damage from the elements. You won't find them in Pacific Cleanser. Instead, we use ingredients that increase the water content of the epidermis so it doesn't dry or irritate the skin.

- Green tea oil: Emollient, nutritive and rich in anti-oxidant polyphenols, this oil actually dissolves the oil complex that holds dead skin cells together. Part exfoliant, part lubricant, green tea oil reduces flaking and improves appearance.
- Aloe vera: This humectant increases water content of the epidermis by preventing moisture loss due to TEWL (transepidermal water loss).
- Polyglucose/lactylate: This blend, composed of two naturally derived (from sugars) mild surfactants, has excellent cleaning and moisturizing properties that leave skin dirt and irritation free.

• **All Ingredients**

Camellia sinensis (green & white tea)\*, aloe barbadensis (aloe vera) juice\*, glycerin (vegetable glycerin)\*, camellia sinensis (camellia) oil\*, xanthan gum, sucrose cocoate, decyl polyglucoside, leuconostoc/radish root ferment (Leucidal\*\*), gluconolactone/sodium benzoate (Micro Guard\*\*), lavendula angustifolia (lavender) essential oil\*, citrus paradisi (grapefruit) essential oil\*, trachelospermum jasminoides (star jasmine) essential oil, andropogon zizanioides (vetiver) essential oil\*

\* organic

\*\* Ecocert, paraben-free anti-microbial agents

• **No Harmful Ingredients**

No toxic preservatives, harmful ingredients (such as triclosan), sudsing agents, drying anti-microbials (such as alcohol), fragrances, or detergents. No benzoyl peroxide, which kills new skin cell formation and contributes to accelerated aging of skin.

• **Directions**

Shake well before use and keep in a cool place. Massage gently onto wet skin. Rinse. If irritation develops, discontinue use and consult a physician.

① ② ③ ④ **HYDRATE**

**Pacific Mist \$40, 2 fl oz | 60 ml e**

**WHY:** As we age we lose moisture, dehydrating our skin and making it more prone to irritation.

**HOW:** Replaces moisture and adds nutrients to the topmost layers of the skin.

**WOW:** Moist, dewy and plumper skin, which means wrinkles are a lot less noticeable.

• **Key Ingredients**

Sure you can get other face mists, but here are a few key ingredients that make Pacific Mist really stand out for aging skin.

- Green tea/white tea extracts: Green tea is rich in antioxidants and polyphenols with astringent, toning, skin-soothing, and anti-inflammatory skin benefits. White tea is an even more powerful anti-aging agent, inhibiting enzymes that attack collagen and elastase.
- Sea kelp extract: Packed with nutrients including Vitamin C, niacin, minerals, trace elements, and alginate, sea kelp extract promotes skin hydration, protects cell activity and acts as a powerful antioxidant.
- Sea fennel extract: Vitamin-rich sea fennel extract is deeply hydrating because it enhances water barrier protection. Its antioxidant nutrients also aid in ongoing tissue hydration and repair.

• **All Ingredients**

Camellia sinensis (green tea)\*, citrus aurantium (neroli) hydrosol, camellia sinensis (green tea) extract\*, camellia sinensis (white tea) extract\*, green crithmum maritimum (sea fennel) extract, macrocystis pyrifera (sea kelp) extract, saccharomyces/xylitum black tea ferment (kombucha) extract, polyaminopropyl biguanide (Cosmocil CQ\*\*), simmondsia chinensis (jojoba) oil, polianthes tuberosa (tuberose) essential oil, trachelospermum jasminoides (star jasmine) essential oil, citrus aurantium (neroli) essential oil\*

\* organic

\*\* Paraben-free anti-microbial agent

• **No Harmful Ingredients**

No toxic fragrances or alcohol and astringents that dry out the skin.

• **Directions**

Shake well before use and keep in a cool place. Mist onto face, neck and chest after using cleanser or any time your skin needs a boost. If irritation develops, discontinue use and consult physician.

① ② ③ ④ **REPLENISH**

**Pacific Face Oil \$110, 1fl oz | 30 ml e**

**WHY:** As we age, our skin produces less of the oils it needs to lubricate and protect itself. The result: wrinkles, roughness and enlarged pores.

**HOW:** Replenishes the top layers of the skin so it can retain moisture and repel assaults from sun and wind.

**WOW:** Dry skin becomes soft, rough skin becomes smooth, large pores shrink, and wrinkles soften. Oily skin regains its balance and blemish prone skin clears up. WOW is right.

• **Key Ingredients**

Face the facts: Ingredients matter. Take seed oils for example. Needless to say extracting oils from a chia, rosehip, papaya or kiwi seed is no easy feat. But we still insist on using them in our Pacific Face Oil. The reason is simple: they're extremely high in the antioxidants, vitamins and essential fatty acids your skin needs.

- Chia seed and kiwi seed oils: Chia seeds are the best natural source of Omega-3 fatty acids, and kiwi seeds are not far behind. Omega-3 fatty acids help strengthen cell membranes' barriers. Good barrier protective function means water and nutrients can enter the cells while toxins are kept out. When your cells are adequately nourished, skin glows.
- Passion fruit oil and papaya seed oil: Passion fruit and papaya seed oils are cold-pressed from tropical fruits high in Omega 6 and 9, Vitamins A & C and Potassium. They penetrate the skin quickly, conditioning the skin with special enzymes that help dissolve excess sebum and impurities on the skin's surface.
- Astaxanthin and red raspberry seed oil: Derived from Hawaiian red pond algae, astaxanthin is the most powerful antioxidant on record. Its anti-aging benefits are nothing less than stunning. Topical applications reduce wrinkle-formation, and in human trials, astaxanthin has been shown to reduce visible signs of UV-aging. With their natural sun protective properties, both astaxanthin and red raspberry seed oil help to prevent sun damage.

• **All Ingredients**

Camellia oleifera (camellia) oil\*, vitis vinifera (grapeseed) oil\*, persea gratissima (avocado) oil\*, sclerocarya birrea (marula) oil\*, cannabis sativa (hemp) seed oil\*, salvia hispanica (chia) seed oil\*, borago officinalis (borage) oil\*, citrullus lanatus (watermelon) seed oil, rubus idaeus (red raspberry) seed oil\*, argania spinosa (argan) oil\*, oenothera biennis (evening primrose) oil\*, rosa rubiginosa (rosehip) seed oil\*, squalene (vegetable squalene), mixed tocopherols (vitamin E)\*, actinidia deliciosa (kiwi) seed oil, carica papaya (papaya) seed oil, passiflora incarnata (passion fruit) oil, rosa rubiginosa (rosehip) seed CO2 oil\*, rosmarinus officinalis (rosemary) oleoresin\*, pinus densiflora (red pine needle) oil\*, haematococcus pulvis (astaxanthin), simmondsia chinensis (jojoba) oil, aniba rosaeodora (rosewood) essential oil\*\*, rosa centifolia (rose) essential oil\*, andropogon zizanioides (vetiver) essential oil\*, trachelospermum jasminoides (star jasmine) essential oil, citrus aurantium (neroli) essential oil\*, boswellia carterii (frankincense) essential oil\*

\* organic  
\*\* obtained from a reputable source that complies with government regulations to reforest

• **No Harmful Ingredients**

No harmful chemicals, no waxes that can clog pores, no water that can evaporate and dry out your skin, and no nut oils that can go rancid with UV exposure.

• **Directions**

Shake well before use and keep in a cool place. Massage a few drops of oil onto face, neck and chest, after cleansing and misting, while skin is still moist. If irritation develops, discontinue use and consult a physician.

① ② ③ ④ **REPLENISH**

**Pacific Body Oil \$95, 4 fl oz | 120 ml e**

- WHY:** Because the skin around our elbows, knees and neck is getting dry and flaky.
- HOW:** Boosts the body's capacity to retain moisture by giving it the essential fatty-rich oils it needs.
- WOW:** Rough patches disappear, cracked skin heals and our overall skin appearance improves.

• **Key Ingredients**

Face the facts: Ingredients matter. Take seed oils for example. Needless to say extracting oils from a watermelon or sesame seed is no easy feat. But will still insist on using them in our Pacific Body Oil because they bring much-needed elasticity and pliability to your skin.

- Apricot kernel oil: This oil is rich in oleic and linoleic acids, plus fatty acids that contain Vitamins A and E, and other essential nutrients for the skin. Linoleic acids provide moisturizing properties that plump cells and protect against moisture loss.
- Sesame seed oil: This oil, highly prized in Ayurvedic medicine for its healing properties, penetrates into layers of the stratum corneum to reduce flaking and soothe and soften cracked skin. High in fatty acids like linoleic, palmitic, oleic and stearic that form the lipid protective barrier on the surface of the skin, it helps the body to retain moisture.
- Watermelon seed oil: Thanks to its light texture and moisturizing capabilities, watermelon seed oil is highly desirable in body oil formulations. It's highly nourishing and absorptive and even helps the body to eliminate toxins through the skin, all without leaving a greasy feel. Rich in EFAs that restore skin's elasticity, it's excellent for mature skin.

• **All Ingredients**

Camellia sinensis (camellia) oil\*, prunus armeniaca (apricot) kernel oil\*, citrullus lanatus (watermelon) seed oil, squalene (vegetable squalene), sesamum indicum (sesame) oil\*, rosmarinus officinalis (rosemary) oleoresin\*, simmondsia chinensis (jojoba) oil, polianthes tuberosa (tuberose) essential oil, aniba rosaeodora (rosewood) essential oil\*\*, trachelospermum jasminoides (star jasmine) essential oil, citrus aurantium (neroli) essential oil\*

\* organic

\*\* obtained from a reputable source that complies with government regulations to reforest

• **No Harmful Ingredients**

No harmful chemicals, no waxes that can clog pores, no water that can evaporate and dry out your skin, and no nut oils that can go rancid with UV exposure.

• **Directions**

Shake well before use and keep in a cool place. Massage onto the body while skin is still moist. If irritation develops, discontinue use and consult a physician.

① ② ③ ④ **REPAIR**

**Pacific Face Serum \$140, 1fl oz | 30 ml e**

**WHY:** Because your skin is taking a beating from aging and environmental factors, leaving it dry and damaged.

**HOW:** Improves your skin's barrier function, increases moisture retention and restores your skin's suppleness.

**WOW:** Plump, hydrated skin that hides your wrinkles. Dry, damaged skin is replaced by skin that is soft, dewy and smooth.

• **Key Ingredients**

Face the facts: Ingredients matter. Sure you can get other anti-aging face serums but here are a few key ingredients that make Marie Veronique Organics' Pacific Face Serum really stand out.

- Pacific Marine Bioactive Peptides™: These bioactive peptides from algae and seaweeds are uniquely moisturizing and provide the vitamins and minerals your skin needs to function at its best.
- Lacto-ceramides: Identical to the natural ceramides in human skin, lacto-ceramides effectively penetrate and enhance your own synthesis of ceramides. This enhances barrier function, keeping the moisture in and the toxins out.
- Tripeptides and Matrix Peptides: These peptides stimulate collagen synthesis in the skin to reduce wrinkles and sagging.

• **All Ingredients**

Citrus aurantium (neroli) hydrosol, Pacific Marine Bioactive Peptides™♦, camellia sinensis (green tea)\*, leuconostoc/radish root ferment (Leucidal\*\*), populus tremuloides (aspen) bark extract, gluconolactone/sodium benzoate (Micro Guard\*\*), algae extract & sodium hyaluronate, saccharomyces ferment\*, macrocystis pyrifera (sea kelp) extract, ceramide complex [ceramide 3, ceramide 6 II, ceramide 1, phytosphingosine, cholesterol, sodium lauroyl lactylate], coenzyme Q10, glucosamine, camellia sinensis (green tea) extract\*, homeostatine [aqua (water), glycerin, enteromorpha compressa (linnaeus) extract, caesalpinia spinosa (tara) gum], Noni/SOD/Resveratrol Microemulsion™, sodium alginate, mixed tocopherols (vitamin E)\*, camellia sinensis (white tea) extract\*, xanthan gum, beta glucan, leontopodium alpinum (edelweiss) extract\*, magnesium ascorbyl phosphate (vitamin C), niacinamide, tamarindus indica (tamarind) seed extract, cholecalciferol (vitamin D3), sodium benzoate, haematococcus pulvialis (astaxanthin), glycan booster [tetradecyl amino-butylolvalyl-aminobutyric urea trifluoroacetate, magnesium chloride, glycerin], glycoproteins, tripeptide-29, potassium sorbate, palmitoyl tripeptide-5, simmondsia chinensis (jojoba) oil, polianthes tuberosa (tuberose) essential oil, trachelospermum jasminoides (star jasmine) essential oil, citrus aurantium (neroli) essential oil\*

♦ made with all natural marine ingredients

\* organic

\*\* Ecocert, paraben-free anti-microbial agents

• **No Harmful Ingredients**

No harmful preservatives or petroleum products, so it does the job your skin needs, naturally.

• **Directions**

Shake well before use and keep in a cool place. Apply thin layer to face, neck and chest after using cleanser, mist and face oil. If irritation develops, discontinue use and consult physician.

① ② ③ ④ **REPAIR**

**Pacific Night Serum with Retinol \$150, 1 fl oz | 30 ml e**

**WHY:** Because aging skin gets dry and saggy. To add insult to injury, wrinkles and fine lines become even more visible.

**HOW:** Increases collagen production, prevents moisture loss and stimulates new cell formation to literally bring your skin back to life.

**WOW:** Regain that “youthful glow” with moist, plump, perky skin.

• **Key Ingredients**

Sure you can get other anti-aging face serums with retinol, but here are a few key ingredients that make Pacific Night Serum with Retinol really stand out.

- Retinol: Retinol, a derivative of the nutritious Vitamin A, is one of the few proven anti-aging ingredients to effectively stimulate collagen and in turn improve your skin’s elasticity. But until now its cousin Retin-A has been the darling of dermatologists, even with all of the irritating and shiny side effects. Today, an innovative chitin-microencapsulation process changes all that—allowing the milder retinol to maintain its full potency over time so it can do all of the good stuff for your skin without the irritation and peeling.
- Ceramides: Our ceramide complex maintains the integrity of your water-retaining barrier, minimizing dryness and wrinkles and maximizing your skin’s suppleness and radiance.
- Pacific Marine Bioactive Peptides™: These bioactive peptides from algae and seaweeds are uniquely moisturizing and provide the vitamins and minerals your skin needs to function at its best.

• **All Ingredients**

Camellia sinensis (green tea)\*, citrus aurantium (neroli) hydrosol, Pacific Marine Bioactive Peptides™♦, vitamin A emulsion [aqua (water), glycine soja (soybean) oil, retinol (1%), cellulose gum, acrylates/C10-30 alkyl acrylate cross-polymer, chitosan], leuconostoc/radish root ferment (Leucidal\*\*), glycerin (vegetable glycerin)\*, populus tremuloides (aspen) bark extract, algae extract & sodium hyaluronate, saccharomyces ferment\*, gluconolactone/sodium benzoate (Micro Guard\*\*), coenzyme Q10, glucosamine, niacinamide, Noni/SOD/Resveratrol Microemulsion™, macrocystis pyrifera (sea kelp) extract, sodium alginate gel, mixed tocopherols (vitamin E)\*, oat beta glucans, ceramide complex [ceramide 3, ceramide 6 II, ceramide 1, phytosphingosine, cholesterol, sodium lauroyl lactylate], leontopodium alpinum (edelweiss) extract\*, homeostatine [aqua (water), glycerin, enteromorpha compressa (linnaeus) extract], low weight sodium hyaluronate, tamarindus indica (tamarind) seed extract, camellia sinensis (white tea) extract\*, magnesium ascorbyl phosphate (vitamin C), retinyl palmitate (retinol), teprenone [caprylic/capric triglyceride, teprenone (geranylgeranone GGA) in a lipophilic solvent], cholecalciferol (vitamin D3), xanthan gum, glycan booster [tetradecyl amino-butyrylvalyl-aminobutyric urea trifluoroacetate, magnesium chloride, glycerin], glycoproteins, , tripeptide-29, potassium sorbate, sodium benzoate, palmitoyl tripeptide-5

♦ made with all natural marine ingredients

\* organic

\*\* Ecocert, paraben-free anti-microbial agents

• **No Harmful Ingredients**

No harmful preservatives or petroleum products, so it does the job your skin needs, naturally.

• **Directions**

Shake well before use and keep in a cool place. Apply thin layer to face, neck and chest after using cleanser, mist and face oil. If irritation develops, discontinue use and consult physician.

① ② ③ ④ **REPAIR**

**Pacific Night Serum for Skin Lightening \$150, 1 fl oz | 30 ml e**

**WHY:** You probably spent too much time in the sun, resulting in freckles, age spots, blotchiness and uneven skin tones.

**HOW:** Inhibits the enzyme activity that produces hyperpigmentation, working naturally and gradually so it doesn't compromise your skin.

**WOW:** Lighter, brighter skin, with more even skin tones.

• **Key Ingredients**

Unlike skin lightening treatments that use harsh chemicals to strip the top layers of skin and inhibit melanin production, we believe in a natural, safer and slower approach. The ingredients we use make all the difference.

- Undecylenoyl Phenylalanine: This amino acid chain naturally brightens skin and evens skin tones, without the downside risk of ingredients like hydroquinone that aggressively bleach the skin, potentially removing more pigment than desired.
- Magnesium Ascorbyl Phosphate: This water-soluble, non-irritating, stable derivative of Vitamin C lightens skin by inhibiting tyrosinase, the enzyme that triggers melanin production. It also delivers other Vitamin C benefits like boosting collagen synthesis and acting as a powerful antioxidant.
- Niacinamide and Glucosamine: Niacinamide inhibits melanin production and has long been used to lighten skin. Better still, a study conducted in 2006 by Proctor and Gamble showed that the combination of glucosamine and niacinamide synergistically treats hyperpigmentation, dark spots and uneven skin tones in UV damaged skin cells. Prior to this study, glucosamine was not even considered as a skin lightening ingredient in cosmetics.

• **All Ingredients**

Camellia sinensis (green tea)\*, oryza sativa (rice) bran oil\*, helianthus annuus (sunflower) seed oil\*, cocos nucifera (coconut) oil\*, Sugar Mulse [cetearyl alcohol, cetearyl glucoside], gluconolactone/sodium benzoate (Micro Guard\*\*\*), undecylenoyl phenylalanine, lecithin\*, magnesium ascorbyl phosphate (vitamin C), niacinamide, glucosamine, mixed tocopherols (vitamin E)\*, xanthan gum, thioctic (alpha lipoic) acid, glycyrrhiza glabra (licorice root) extract\*\*, arctostaphylos uva ursi extract

\* organic

\*\* Ecocert

\*\*\* Ecocert, paraben-free anti-microbial agent

• **No Harmful Ingredients**

No toxic preservatives, harmful ingredients (such as triclosan), sudsing agents, drying anti-microbials (such as alcohol), fragrances, or detergents. No benzoyl peroxide, which kills new skin cell formation and contributes to accelerated aging of skin.

• **Directions**

Shake well before use and keep in a cool place. Apply thin layer to face, neck and chest after using cleanser, mist and face oil. If irritation develops, discontinue use and consult physician.

① ② ③ ④ **REPAIR**

**Pacific Eye Serum \$140, 1fl oz | 30 ml e**

**WHY:** Because the skin around your eyes is aging too, showing off more wrinkles and dark circles than you'd like.

**HOW:** Delivers nutrients to the delicate eye area that increase microcirculation and tighten skin.

**WOW:** Brighter, tighter eyes with fewer dark circles, crow's feet and fine lines.

• **Key Ingredients**

Most other eye creams contain lotions or waxes that appear to add moisture to the skin, but are actually preventing the absorption of much-needed nutrients, and don't add much in the way of humectancy. We believe that using natural ingredients to increase your skin's water content and improve tone and texture is the best way to nourish the skin.

- Argirilene: This neuropeptide works by relaxing facial tension, thus leading to a reduction in superficial facial lines and wrinkles.
- Soy-Rice Peptides: This enzyme-inhibiting peptide reduces dark circles and puffiness around the eye by increasing blood circulation and inhibiting melanin production.
- Co-enzyme-Q: This vitamin-like molecule (ubiquinone, ubidecarenone) obtained from a plant material is found in all human cells. It's a powerful antioxidant that, because it aids in production of cell energy and tissue oxygenation, is an indispensable anti-aging agent.

• **All Ingredients**

Camellia sinensis (green tea)\*, Pacific Marine Bioactive Peptides™♦, glycerin (vegetable glycerin)\*, vitis viniferi (grapeseed) oil\*, saccharomyces ferment\*, algae extract/sodium hyaluronate gel, populus tremuloides (aspen) bark extract, beta glucan, leuconostoc/radish root ferment (Leucidal\*\*\*), gluconolactone/sodium benzoate (Micro Guard\*\*\*), Noni/SOD/Resveratrol Microemulsion™, sodium alginate, calcium carbonate, glucosamine, oenothera biennis (evening primrose) oil\*, pearl powder, mixed tocopherols (vitamin E)\*, acetyl hexapeptide-3 (argirilene), gamma-oryzanol, magnesium ascorbyl phosphate (vitamin C), morus alba (mulberry) root extract, algae extract & pullulan, dipeptide diaminobutyroyl benzylamide diacetate (snake peptides), soy-rice peptides [oxidoreductase, soy peptides, hydrolyzed rice bran extract, phenonip], tamarindus indica (tamarind) seed extract, citrullus lanatus (watermelon) extract, low weight sodium hyaluronate, niacinamide, gynostemma pentaphyllum (gynostemma) extract, centella asiatica (gotu kola) extract, plantago species (plantain) leaf extract, crithmum maritimum (sea fennel) extract, sodium benzoate, potassium sorbate, non-nano zinc oxide\*\*

- ♦ made with all natural marine ingredients
- \* organic
- \*\* Ecocert
- \*\*\* Ecocert, paraben-free anti-microbial agents

• **No Harmful Ingredients**

No artificial skin conditioning agents like PEG (polyethylene glycol) ingredients, silicones or butylene glycol.

• **Directions**

Shake well before use and keep in a cool place. Gently apply thin layer to eye area after using cleanser, mist and face oil. If irritation develops, discontinue use and consult a physician.

① ② ③ ④ **REPAIR**

**Pacific Topical Marine Treatment \$375, 0.5 fl oz | 15 ml e**

- WHY:** Because every year you lose 1-3% of your fibrocytes—your skin’s “factory workers” who repair and renew your skin. As they die off, your skin gets thin, dull dry, wrinkled and blotchy.
- HOW:** Works from the inside out to both increase the number of fibrocytes in your skin and stimulate their production of collagen, elastin and hyaluronic acid. Equally important, TMT stimulates blood vessel formation which elevates the overall health of the skin.
- WOW:** Reverse the skin’s aging process after just three months of treatment and move forward with younger, thicker and healthier skin.

• **Key Ingredients**

No other product on the market makes such a significant impact on your skin. Pacific Topical Marine Treatment delivers these astonishing results thanks to intelligent ingredients working in accordance with nature’s design.

- CMBI Natural Marine Extract™: This active component found in the sea rejuvenates by stimulating the fibrocytes in your skin to produce more fibrocytes. What’s more, it stimulates all of the fibrocytes (new and existing) to produce more collagen, elastin and hyaluronic acid—well known to be the secrets to youthful skin. Equally important, this potent extract actually stimulates blood vessel formation which elevates the overall health of the skin.
- Pacific Marine Bioactive Peptides™: These bioactive peptides from algae and seaweeds provide the nourishment your skin needs to function at its best.
- Ceramides: Our ceramide complex maintains the integrity of your water-retaining barrier, minimizing dryness and wrinkles and maximizing your skin’s suppleness and radiance.

• **All Ingredients**

Citrus aurantium (neroli) hydrosol, Pacific Marine Bioactive Peptides™♦, camellia sinensis (green tea)\*, CMBI Natural Marine Extract™, chitin, glycerin (vegetable glycerin)\*, leuconostoc/radish root ferment (Leucidal\*\*\*), populus tremuloides (aspen) bark extract, gluconolactone/sodium benzoate (Micro Guard\*\*\*), algae extract & sodium hyaluronate, macrocystis pyrifera (sea kelp) extract, ceramide complex [ceramide 3, ceramide 6 II, ceramide 1, phytosphingosine, cholesterol, sodium lauroyl lactylate], coenzyme Q10, glucosamine, camellia sinensis (green tea) extract\*, homeostatine [aqua (water), glycerin, enteromorpha compressa (linnaeus) extract, caesalpinia spinosa (tara) gum], Noni/SOD/Resveratrol Microemulsion™, sodium alginate, mixed tocopherols (vitamin E)\*, camellia sinensis (white tea) extract\*, xanthan gum, oat beta glucans, leontopodium alpinum (edelweiss) extract\*\*, magnesium ascorbyl phosphate (vitamin C), niacinamide, tamarindus indica (tamarind) seed extract, cholecalciferol (vitamin D3), sodium benzoate, glycan booster [tetradecyl amino-butyrolylvalyl-aminobutyric urea trifluoroacetate, magnesium chloride, glycerin], glycoproteins, tripeptide-29, potassium sorbate, palmitoyl tripeptide-5, haematococcus pulvialis (astaxanthin), MVO essential oil blend™\*

- ♦ made with all natural marine ingredients
- \* organic
- \*\* Ecocert
- \*\*\* Ecocert, paraben-free anti-microbial agents

• **No Harmful Ingredients**

No harmful chemicals, no waxes that can clog pores, no water that can evaporate and dry out your skin, and no nut oils that can go rancid with UV exposure.

• **Directions**

Shake well before use and keep in a cool place. Apply one dropper full to face and neck after using cleanser at night. Note: It is normal for the treated skin to tingle and develop slight redness for a short time after application. Use every other day for 30 days, then twice a week for one month and once a week thereafter. One bottle contains approximately 15 treatments. If irritation develops, discontinue use and consult a physician.

## CMBI Natural Marine Extract™ Trial Results – 283 Participants

### Fine wrinkles on face:

50% of subjects had significant improvements at 15 applications. 100% at 30 applications over a 3-month period.

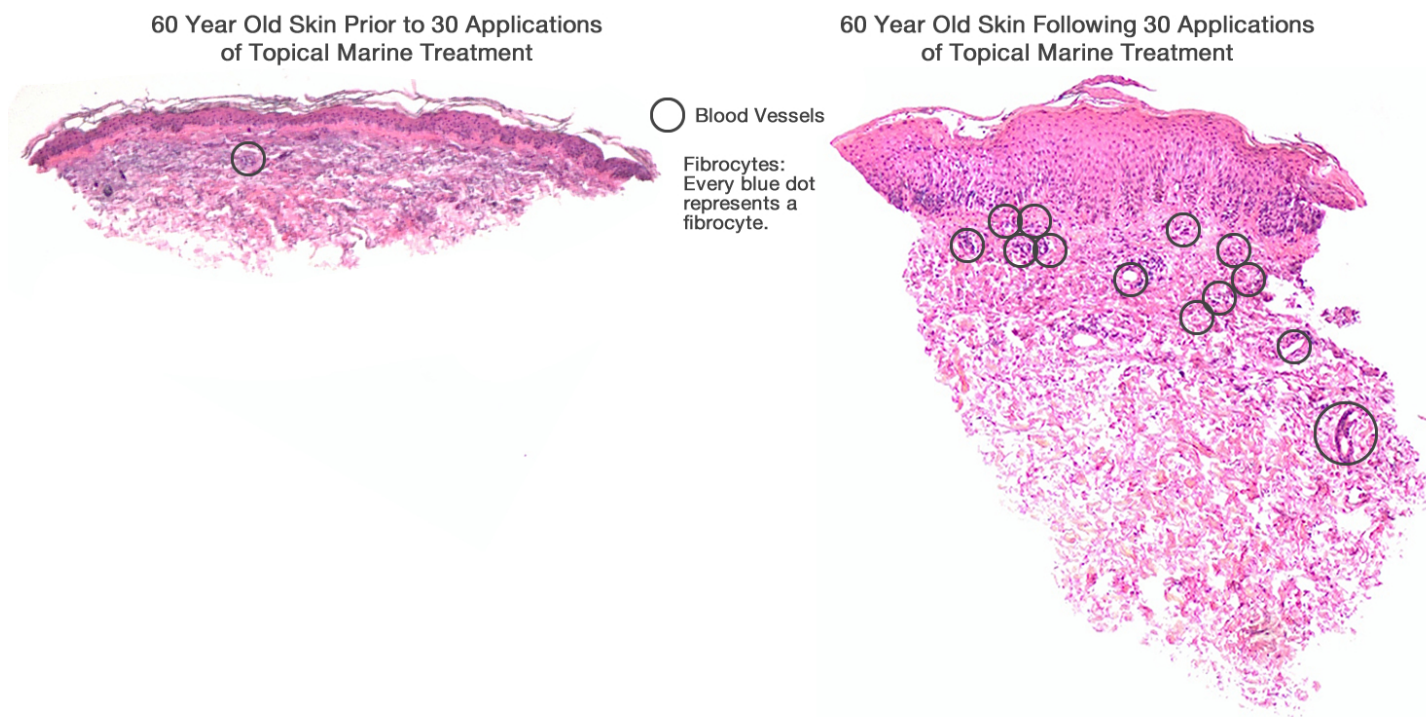

### Thin skin:

20% of subjects had a significant improvement at 15 applications. 95% of subjects at 30 applications over a 3-month period.

### Rosacea:

10% of subjects had a significant improvement at 15 applications. 95% of subjects at 30 applications over a 3-month period.

**2 mm biopsies\* of skin pre and post treatment explain the story behind these dramatic results.**

- There are 35 times as many fibrocytes (the factory workers that produce collagen, elastin and hyaluronic acid) post treatment as there were pre-treatment.
- Pre-treatment, the 2mm of skin has one blood vessel. Post treatment, the same amount of skin has thirteen. Blood vessels are the supply chain. The factory can have a lot of workers but without a supply of raw materials, they can't do anything.
- The pink in the epidermis post-treatment is healthy collagen. The difference between two biopsies is not just the thickness, but the quality of the skin.
- Thanks to regained elasticity, the post-treatment biopsy contracted by almost 33 percent in length and width. The treated skin is actually 33% wider and 33% thicker than shown.

\* Equal magnification of 40.
