

Innovative online career mentoring program...

modern guild is an online career mentoring program that offers college and college bound students different levels of 1-on-1, online career prep courses taught by industry professionals and trained career coaches. Through merit-based scholarships, **modern guild** is open to all, irrespective of financial means, but only the most driven and motivated are selected. **modern guild** has helped over 100 students from top schools, including Columbia University Davidson College, the University of Michigan, UNC at Chapel Hill, Boston College, and Wyoming High School (top 50 U.S. public high school), overcome their career indecision anxiety and improved their job prospects. To become part of this special community and better position yourself for college and career success, apply now at modernguild.com/apply.

... with results that speak for themselves...

Past students and mentors have highly praised the program:

- **Over 85%** of students were “Extremely Satisfied”
- Average student career readiness score **doubled** from a **4** to **8** (out of 10)
- **100%** of students rated their mentors “Excellent” or “Very Good”
- **95%** of program graduates feel more confident in their job search

Hear from our users at modernguild.com/testimonials

“Probably one of the **most valuable and life changing experiences of my life**. I do not even want to think about where I would be right now if I did not **realize what my true calling in life** was: becoming a doctor.”

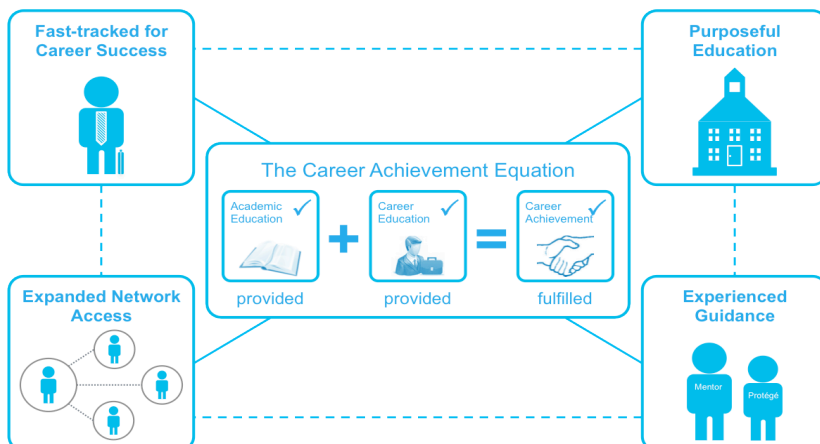

– Columbia University Student, Immersion

“This is a **great program for these students!** It really makes them think long and hard about their careers, and what their value prop is to the market. It’s also a **great tool for people like me, looking for that next wave of talent.**”

– Mentor, Acceleration Consulting

“modern guild has provided me with **invaluable information, tools, and skills** that I could not have found anywhere else. I now **feel more knowledgeable, equipped and ready to enter the job market** as an experienced, confident leader.”

– Univ. of Michigan Student, Immersion

... and extensive benefits for student users

modern guild unlocks potential career achievement for students by addressing the often overlooked career education portion of the career achievement equation. By helping students better search and prepare for their future career, we help them not only land better jobs but also maximize their academic learning experience.

Online Learning System
conveniently integrated program on a single platform

Connect

Customized Curriculum
clear roadmap to ignite your career potential at any stage

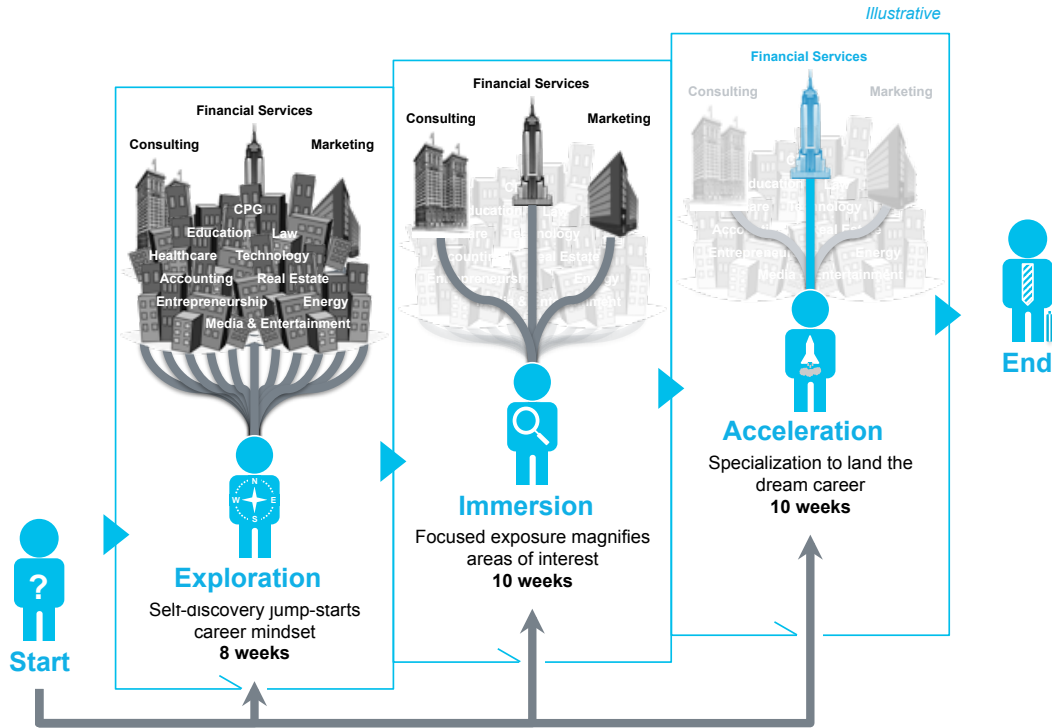

Illuminate

We provide a new take on apprenticeship...

modern guild is leading a renaissance in career education with its customized online mentoring program and merit based application process. Using our super convenient digital platform, students are matched with a personal career coach and work through our written and video based curriculum over 8-10 weeks. Students also gain access to our extensive network of industry professionals to further their career knowledge and expand their networks.

... and our program illuminates career pathways.

modern guild offers three progressive courses to help students discover and navigate their career paths. Accepted students start with the course that best addresses their needs and all end up in a stronger position to land their dream job. Our Exploration course would be most suitable for high school students.
