

High Quality, Reliable Conference Calls for Less!

# Operator Assisted Conference Calls

Maybe you just need that extra attention on an important conference call or you expect a large number of attendees that require special handling like a Question and Answer session. Our Operator Assisted Conference Calls will make your hosted online event a huge success!

## Operator Assisted Benefits

Our Operator Assisted Conference Calls allow you to conduct intricate online meetings with small or large groups of attendees. Our operators will be there every step of the way to orchestrate the meeting. You only have to concern yourself with the content and presentation and we will take care of the rest.

**Pre-Conference Support**-Our dedicated operator will meet with you prior to the start of your meeting to plan the opening, introductions, in conference requirements and closings.

**Muted Participant Lines**-Especially when you expect a larger number of participants the conference call can get noise introduced from the open lines. We will mute the participants to ensure you have a noise free conference call.

**Interactive Q&A and Polling**-Our operator can conduct and interactive Q&A or polling session with your audience by placing participants in talk mode while they ask a question.

All Audio Conferencing rates are per minute per participant.

## Sign Up Today!

**3** As the moderator, you are always in control with a variety of advanced features at your fingertips-makes effective business communications easy.

## Additional Services

The Operator Assisted Conference Call can be as simple or complex as necessary. We offer a number of features to customize your meeting. Many of the features are included in the cost of the call. Additional costs for services are listed below.

### Features

**Attendance Report**-You can get a listing of all of the participants that attended your meeting. The report costs \$1/name

**Interactive Q&A and Polling**-Our operator can conduct and interactive Q&A or polling session with your audience by placing participants in talk mode while they ask a question.

**Comm Line**-Our operator will establish a communication line to the Host of the call in order to communicate during the meeting.

**No Show Fee**-Because we dedicate resources to satisfy your requirements, a no show fee is charged if the reserved number of participants does not show up for the call. \$10/participant with a leeway of 20 participants.

**Recording**-A recording of your event can be posted so participants can dial in to listen or you can download a copy of the meeting for yourself. Pricing Varies.
